STRESSES SCHOOL AID—Gov. Thomas J. Herbert's state administration in the last two years has been instrumental in providing a total of $1,831,140 in state aid for operation of schools in Richland county. While law prohibits use of state funds for school improvements, the state aid has played an important part in helping to pay teachers and meet other school operating costs. State school aid to Richland county under Gov. Herbert was $692,708 greater than in the preceding two-year period.

Richland State Aid To Schools Boosted

With Mansfield residents voting on a $2,500,000 bond issue Tuesday, and citizens of Madison township balloting on a $188,000 issue, both for much-needed school improvement and expansion, a check of state records revealed today that during the administration of Gov. Thomas J. Herbert schools of Richland county, including those of Mansfield, received $1,831,140.

This amounts to an increase of $602,780 over the previous two years, 1945-46. The county received $560,693 in 1945 and $667,667 in 1946, making a total of $1,228,360 for the two years.

In 1947, $832,055 was granted to the county from state funds. The estimate for this year is $999,085. The total for this biennium is $1,831,140.

On a statewide basis, aid to all schools was increased by $47,500,000 during Herbert's administration, a check of the records shows.

These funds are for school operation, it was pointed out. Financing of school building improvements is up to the local community, hence the need for bond issues.

BOND ISSUES NEEDED

The state, under the administration of Gov. Herbert, is leading the way toward an improved school program. Local observers point to the need of passing the various school bond issues to keep the physical plants in step with the teaching programs.

Gov. Herbert's administration record of aid to public schools in Richland county was brought out as the Northeastern Ohio Teachers' association, meeting in Cleveland, voted to support the Ohio Education association's tentative proposal for state school assistance.

The NEOTA, with which Richland county teachers are affiliated, adopted a resolution stating:

"We recommend serious study be given to the principle of additional aid to supplement established salary schedules financed by local and state sources and that this aid be in direct ratio to the cost-of-living above an accepted level."

Herbert, now in the closing phases of his campaign for reelection, has stressed importance of education to continuance of democracy in America. He has taken a firm stand in recent campaign appearances against infiltration of government by communists and communist sympathizers.

Death Cancels Child's Party

PITTSBURGH — (AP) — Little Joan Fallon's parents planned a funeral today—instead of a birthday party.

Mr. and Mrs. Joseph Fallon were going to hold a "fourth birthday" party for Joan tomorrow. Doctors had told them the little girl, suffering from cancer, wouldn't live to see her real birthday Nov. 28.

The chubby, blue-eyed baby died early today at her home.

In the Fallon living room were several birthday cakes, gay with colored icing and pink candles.

"Anyway," the father said tearfully, "Joanie got to see the birthday cakes. She didn't miss that."

Rebellion Succeeds

LIMA, Peru —(AP)— Jose Luis Bustamante, deposed as president of Peru by the army, left for exile in Chile early today.

Former Interior Minister Gen. Manuel Odria, leader of the successful three-day revolt, promised to hold democratic elections as soon as possible in a broadcast from Arequipa, where the uprising broke out.

Brig. Zenon Noriega, commander of the second army division, was reported holding the reins of government temporarily. Odria is expected in Lima today to appoint a Junta and start a provisional government.

Lima newspapers last night carried statements from Odria denouncing Bustamante. He charged Bustamante had given the left-wing, outlawed Apra party—which he characterized as "an international sect"—complete freedom to carry out "plans to proseletize the lower army ranks, inciting them to murder their officers and chiefs."

The Apra party had been blamed by the government for an unsuccessful revolt earlier this month at Callaro, Lima's port city.

Odria, 52 years old, promised to restore order and normalcy in the country. He said he planned to convoke a national workers' congress in which the basis would be laid for a better life for the working class and promised to improve the conditions of agriculture, Peru's basic industry.

Considering Evacuation

WASHINGTON — (AP) — High-ranking government officials were reported today to be considering the evacuation of American naval forces from the communist-threatened Chinese port of Tsingtao.

Authoritative defense sources said Lt. Gen. Albert C. Wedemeyer, the army's top expert on China, is reviewing the plight of Generalissimo Chiang Kai-Shek's armies with naval officers.

Naval spokesmen declined to comment on a possible withdrawal from Tsingtao. Their silence concerning the number of sailors and marines assigned to the base was interpreted here as an indication that the contingents may have been reduced. Marine forces at Tsingtao totalled 3,470 on Aug. 30, the last official count made public.

Economic Cooperation Administration officials said that agency has only small quantities of wheat and petroleum which might have to be abandoned if the Tsingtao base were evacuated.

Campaign Wind-up Tonight

Truman In Mo., Dewey In N. Y.

(By Associated Press)

President Truman and Gov. Thomas E. Dewey ring down the curtain on their presidential campaigns tonight with addresses before home-state audiences.

But before the final balloting, they plan to return to the national stage with curtain call pleas for vote support in next Tuesday's election.

Mr. Truman's special train was Missouri-bound, with St. Louis the last stop on a cross-country talking tour that included every section of the nation.

After his speech there tonight, the president will stay at his home in Independence until after the November 2 balloting. Regardless of the outcome, he plans to go to Key West, Fla., later in the week for an extended vacation.

Dewey winds up his second effort to win the presidency for the Repubilcans with a speech tonight in Madison Square Garden.

Arriving in New York yesterday aboard his "victory special" train, the GOP candidate expressed confidence his party will get not only the White House prize, but congressional control as well.

Dewey rode into Manhattan from a New England stumping tour in which he pledged, if elected, to unite the country behind a strengthened movement for peace, aided by promised harmony between the White House and Congress.

Asserting that the Democrats have made "tragic concessions" in dealing with world problems, Dewey told a New Haven crowd:

"You can't buy peace by giving away other people's freedom."

Mr. Truman lashed out at the GOP record on foreign affairs last night in a Brooklyn address which concluded a whirlwind to-day vote hunt in New York City.

In the 267th speech of his campaign, the president asserted that the Republicans crippled the reciprocal trade agrrements program and tried to twist the European recovery plan from one of "world reconstruction to one of hand-out relief."

Henry Wallace followed the president into Harlem last night with the charge that Mr. Truman was making "shallow, hollow, worthless promises" on civil rights.

Campaign At Hot Climax

(By United Press)

The pre-vote campaign in Ohio reached a climax today with the rival candidates for governor scheduled to speak from the same Cleveland platform for the first time in this drive for votes.

Gov. Thomas J. Herbert, Republican, and Frank J. Lausche, the Democratic candidate for governor, were to exchange verbal blows before the City Club.

Both candidates campaigned in Cleveland last night in a last-minute effort to win as many of the all-important Cleveland votes as possible.

Herbert used the highway department as his theme and recited that during his administration 2,000 miles of road had been built as compared to 950 during the Lausche administration.

Lausche, before returning to Cleveland to wind up his campaign, told Toledo audiences that all Ohio public employes, including school teachers, should get cost-of-living wage adjustments.

Pennsy R. R. Trains Crash

COLUMBUS—(AP)—Several persons were cut and bruised in a passenger-freight train crash near Uhrichsville last night, Pennsylvania railroad officials said. They were treated in the Columbus station by a physician.

The accident was near the scene of a wreck earlier in the week in which two trainmen and a truck driver were killed.

The passenger train, en route from New York to St Louis, hit the rear of the freight, a railroad spoksmean said.

Fire Hits Railroad

PITCAIRN, Pa. — (AP) — A $500,000 fire destroyed a Pennsylvania railroad blacksmith shop and warehouse and the oil-fed, windswept flames for a time threatened other buildings before firemen brought them under control. Pitcairn's reservoir, with a capacity of 15,000,000 gallons of water, was drained.

U. S. Defers Settlement

Truman Orders Palestine Delay

PARIS —(INS)—Reliable sources said today that President Truman now has ordered Secretary of State Marshall to postpone United Nations settlement of the Palestine issue until January.

Marshall, presently in London, was said to be urging British Foreign Secretary Bevin to fall in line with the Truman request.

It is understood that Truman's order for a delay in the Holy Land issue was part of his message yesterday ordering the American delegation not to support sanctions.

(London sources said that Bevin is urging Marshall to switch back to support of an immediate Palestine settlement, presumably along the lines of the Bernadotte plan.)

The President's plan was said to envisage calling a special session of the U.N. General Assembly in January at Lake Success. It reportedly led to the sudden refusal yesterday of the U.S. delegation to continue support of an Anglo-Chinese resolution requiring Israel to retreat from the Negev under the threat of sanctions.

Marshall, it was learned, was summoned to London by Bevin yesterday after disclosure that President Truman had intervened in the Palestine issue.

Word spread swiftly through the halls of the Palais De Chaillot, where the U.N. is meeting, precipitating a flood of speculation.

Early today, most observers were beginning to feel that the dramatic U.S. shift had virtually doomed the plan of the late Count Folke Bernadotte to give the Negev area to the Arabs.

Miners Going Back to Work

PARIS—(AP)—The interior ministry today said 301 French police and soldiers have been wounded to date battling Communist-led strikers in the struck coal fields, where violence appeared to be subsiding.

French miners were reported returning to work in increasing numbers under police and military protection as government forces drove pickets from 20 more strike-bound pits.

The interior ministry report said three strikers have been killed during the disorders and "many more" demonstrators hurt.

There were no further reports of clashes when government forces went into the Communist stronghold of Bruay this morning to take over two more pits.

Son Arrives At Game Time

Augie Becomes Dad On Dad's Night

By CHARLEY STINE

A seven-pound, 14-ounce quarterback who wasn't there "directed" Mansfield to its most overwhelming football victory in three years last night.

Robert Michael Morningstar, first son of Tyger Coach Augie and Mrs. Morningstar, was born appropriately as the team was about to take the field for Mom's and Dad's night.

That the youngster is a good quarterback there is no doubt, for his very presence in the world spurred the Tygers to play their best game of the season, in trouncing Dayton Kiser, 62-7. The players quickly put the game on ice so that their popular coach could leave to see his chubby, blue-eyed offspring who was born at General Hospital.

The family atmosphere was present throughout the evening as the Tyger band presented a tribute to parents of the football players at half-time.

Fathers of all the players came off the Tyger bench at half-time and kicked helium-filled balloon "footballs" which sailed out of sight. The dads then were presented with pictures of their sons in gridiron regalia.

ALBUM APPEARS

The band played "For He's A Jolly Good Fellow" and "I Want A Girl" while spelling out a huge "DAD" and "MOM" They then switched into a clock formation which showed a time of 8:30 while a huge family album was wheeled on the field. A "lighted" cigaret on the rear of the platform gave it the appearance of a living-room book stand.

Parents from the pilgrim, pioneer, colonial, gay nineties, flapper, zoot suit and modern ages emerged from a door in the album and paraded around the field.

The figures returned to the huge book by means of a ramp as the half-time show ended, and the band concluded with "Till We Meet Again."

Amputees Slate Demonstration

COLUMBUS —(INS)— Amputees will show how little they are "crippled" tomorrow in special demonstrations before the 29th annual meeting of the Ohio Society for Crippled Children. The amputees will show their skill in such diversified activities as roller skating, badminton, gold, boxing, and dancing.

$3,000 More Reported

Community Chest workers reported only a little more than $3,000 in additional pledges at noon today as they began the second day of a one-week extension to pick up the more than $20,000 necessary to meet the 1948 goal of $122,635.

The total amount reported at noon today was $105,190. The Blue Stars unit continued to lead the two major divisions of the drive with $54,766. The Red Feathers unit reported $50,424.

Three more divisions reported they had gone over the top with their drives still incomplete.

Public service division, headed by Marshall Moore, reported $4,906 on a quota of $4,900. Commercial A division, headed by Vernon Horst, turned in $9,766 on a quota of $9,455. Horst said he expected his division to go over $10,000 when solicitations are completed. General division, headed by Mrs. Louis Jisa, reported $8,710 with a quota of $8,500.

Fight Looms In Parliament

(By International News Service)

One of the most bitter parliamentary battles that has faced Britain in years is shaping up in the House of Commons today over the labor government's bill to nationalize the steel industry.

There will be international repercussions too. For steel, with coal, is the backbone of Britain and the nationalization will affect in one manner or another every component part of the far-flung commonwealth of nations.

On the issue, the party lines are clearly drawn. Prime Minister Clement Attlee's labor government will stand or fall on it.

Vets Receive $2,051,610

Most Bonus Claims Reported Paid

With most of the Richland county veterans' bonus claims paid, the state reported today that former servicemen and women in the county have received $2,051,610.

That amount was paid 6,667 veterans. It was estimated that nearly 9,000 in the county are eligible for bonuses.

All bonus claims have been paid except questionables and applications which have just been filed, C. W. Goble, state compensation fund director, said today.

Goble explained that questionable claims are those needing additional information or supporting documents upon which a legal determination can be made.

He emphasized that all claims are being handled as rapidly as possible and all unpaid applicants who have not been advised about their claims will be notified what to do.

Applicants with lower claim numbers than 702,190 who have not received payment can be reasonably certain that their claims have been referred to a special section for additional documents or information, Goble said.

In Richland county the average payment per claim was $307.73, the highest average paid in the seven-county Mansfield area. Of the total number of claims 4,855 were Army claims and 1,812 Navy claims.

In the seven-county Mansfield area a total of $5,649,717 has been paid on 18,504 claims. It has been estimated that approximately 25,000 World War II veterans in this area are eligible for the bonus.

The amounts paid veterans in nearby counties include: Ashland, $699,695; Crawford, $869,380; Holmes, $232,196; Huron, $844,399; Knox, $708,903, and Morrow, $243,530.

Sun Breaks Through Fog Blanket

The sun poked its nose through October's foggy horizon today, dispelling the dense gray blanket which snarled transportation in Cleveland last night, causing 12 traffic crashes.

Weathermen said the fog, mixed with smoke, is expected to move in again tonight unless wind movement improves. Meanwhile, mild weather was expected for Sunday and the first part of the week. Mansfield's noon reading was 60 degrees today.

The fog registered zero-zero visibility at the U. S. weather bureau in Cleveland last night and brought traffic to a standstill. Private automobiles as well as buses, street cars and trains were delayed and all flights in and out of Cleveland airport were cancelled for three hours.

Burns to Death In Chicago Fire

CHICAGO —(AP)— At least one person was killed and eight others reported injured today in a fire that razed a four-story brick apartment building on the south side.

Firemen found a charred body, burned beyond recognition, on the third floor of the structure. They continued to search the ruins for any other possible victims.

Loyalist Forces Crushed

Nationalists Seek Escape

NANKING — (AP) — Communist troops fell upon Mukden, Manchuria's greatest city, and wrested it from the armies of Chiang Kai-Shek today, usually reliable sources said.

Reports from the battlefront said the Reds were in complete control of the city, which is the site of China's largest arsenal.

Whereabouts of the garrison commander, Gen. Wei Li-Huang was unknown here.

His troops last were reported trying to fight their way southward from the city. Their objective was not clear in Nanking but it was believed they were trying to reach one of two evacuation ports in Manchuria—Yingkow and Hulutao, both on the Gulf of Chihli and about 100 miles south of Mukden.

Sources here considered it unlikely that many of the 150,000 Nationalist troops managed to escape Red forces who held the corridor to Chinhsien, 125 miles south of Mukden.

Large forces on both sides have been engaged in a see-saw battle for the past 72 hours in the Mukden area. More than 400,000 men were reported committed to battle.

The National government has been plagued with large scale desertions of troops in past months. It was considered likely some of those in 12 divisions the Communists said they captured near Mukden earlier this week deserted.

CHIANG ARRIVES

Chiang Kai-Shek himself flew here late in the day from his field headquarters at Peiping, where he had been directing the north operations since Oct. 15.

(In Nanking, reliable sources told Associated Press Correspondent Harold K. Milks, that Chiang's return there presaged possible "drastic developments." Chiang had been directing the battle for Manchuria since Oct. 15 from his Peiping headquarters.)

The whole Manchurian military situation was endangered. Sinmin, rail town 35 miles west of Mukden, was abandoned by National troops who fought their way back to Mukden.

Further south, the government was contracting its forces toward Chensi, 25 miles south of Red-held Chinhsien. It offered an avenue of escape through the Ports of Hulatao.

Residents of Peiping and Nanking were gloomy.

Tsingtao, Shantung port practically sealed off from the balance of China by Communist troops, was cheered by the arrival of American Task Force 38.

The task force, composed of the carriers Princeton and Tarawa, the light cruisers Pasadena and Astoria and eight destroyers, arrived at the American naval base on what was officially described as a "routine" cruise.

DP's Due In N. Y. Today

NEW YORK —(AP)— A warm welcome awaits 813 displaced persons who reach the land of their dreams today.

Survivors of slave labor gangs and concentration camps, the group arrives this afternoon aboard the Army transport General Black. The DP's are the first of the 205,000 homeless persons scheduled to come to the United States under the Displaced Persons Act.

New York City prepared a rousing welcome. As the General Black slips past the Statue of Liberty, steamboat whistles and foghorns will roar a greeting and city fireboats will spray torrents of water into the air.

An army launch will carry a welcoming committee of public officials to the transport as it reaches the narrows. Two coast guard cutters, loaded with newsmen and immigration officials, will accompany the launch.

Gang Steals Holy Bibles

WASHINGTON —(UP)— The book dealers of Washington came up with some shocking news today.

A gang, apparently pretty well organized, is making a frightful habit of stealing books — among them expensive, leather-bound copies of the Holy Bible.

Favorite among the thieves seems to be the boxed volumes of the scriptures, like the famous Oxford Bibles. They sell from $6.50 per copy on up, depending on the binding, printing, what the traffic will bear, etc.

President, Senator Don't Tarry Long

Truman, Taft Pass Through City Area

Two vote getters from opposite sides of the political tracks —Republican Robert A. Taft and Democrat Harry Truman—bowed in and out of the Mansfield area late yesterday and today without as much as a precinct rally address.

President Truman's special 17-car train sped through Galion at 11:05 a. m. today, barely slowing down enough for more than 100 persons to wave at the Democratic nominee.

Sen. Taft stopped in Mansfield yesterday afternoon in a surprise visit and predicted the Republicans would sweep Ohio next Tuesday.

Crawford county Democratic officials planned last week to have the President's train stop in Galion for a brief rear-platform talk. A last-minute change, however, left out the Galion stop and Truman continued on to St. Louis where a capacity crowd of 15,000 persons is expected to hear him at the Kiel auditorium tonight. The address will wind up Truman's campaign for a full term in the White House.

Taft, who is not a candidate this year, stopped briefly at Mansfield GOP headquarters on North Walnut street. He was en route from Muskingum college at New Concord to Sandusky where he appeared at a rally last night.

"By the observations I have made during this campaign, I am confident that the Republican party will sweep the state," he said.

The Mansfield area has been the stofnping ground for several national figures during the preelection drives now ending. President Truman spoke in Crestline twice and in Willard once.

House Speaker Joseph Martin was the key figure in a GOP rally here earlier in the drive and Sen. Scott Lucas, of Illinois, headed a Democratic rally.

ST. MATTHEW'S LUTHERAN CHURCH . . . observes 45th anniversary

Church to Welcome Former Members Tomorrow

St. Matthew's Marks 45th Anniversary

By NITA BRANSON
(News-Journal Church Editor)

The 45th anniversary of the organization of St. Matthew's Lutheran church will provide a full day of worship and fellowship Sunday for its members and former members.

The observance will start with services at 10:30 a. m. at which the pastor, Rev. Charles F. Sheriff will preach on the theme, "This Is a Year of Greatness." Rev. Martin W. Wappner, chaplain at the reformatory, will assist in the services.

At noon families of the church will join in a congregational dinner to be served in the church parlors. There has been planned a fellowship meeting for 1:30 p. m., at which a pageant will be presented, directed by Mrs. Ray Myers. Greetings will be brought to the congregation by Mayor Roy W. Vaughn; Rev. Matthew G. Madden, pastor of the First Congregational church, and Rev. Wappner. Ray Bush will speak of memories of the church extending over a period of 20 years, and Arthur Sayles will give reminiscences of the earlier days of the church.

Since the observance has been planned as a homecoming, the church has sent out 50 invitations to former members living out of town.

The church was formally organized Oct. 25, 1903. A constitutional committee was appointed and on Sunday morning, Nov. 1, 1903, the constitution was adopted.

W. F. Voegele and G. W. Baughman were elected elders; G. P. Krause, John Weil, Conrad Flockerzi and Frank Hurst, as deacons; C. C. Beelman, A. H. Sayles, William Sonner, F. G. Gerth and J. W. Erb, trustees, and A. S. Baker, William Hart, Charles G. Evans and Howard Baughman, ushers.

At 2 p. m. the same day, Rev. O. D. Baltzly, pastor of the St. Luke's Lutheran church, installed the officers.

Fifty-three signed the constitution and became charter members; nine more signed up immediately after Nov. 1 Rev. A. E. Renn became the first pastor.

The first meeting place of the congregation was in a hall at Fourth and Diamond streets. In [illegible], 1904, arrangements were made with the Reformed Presbyterian church, on Park avenue west, next to the present YMCA building, to occupy the church for services; was purchased.

on Feb. 22, 1906, the building present site was bought," Rev. Sheriff related. "That was about 1916. A parsonage was built at 420 Sherman place and ground broken for the present building on Labor day, 1916. It was dedicated on April 9, 1918."

"It was during the pastorate of Rev. A. C. Miller that the

REV. CHARLES F. SHERIFF

During its 45 years of service the church has had but six pastors, the present pastor having been here 26 years ago last December. Others besides Rev. Renn, Rev. Miller and Rev. Sheriff, have been Rev. F. M. Keller, second pastor, 1905 to 1908; Rev. H. C. Garvic, 1908 to 1913; Rev. R. H. Gearhart, 1913 to 1915. Rev. Miller served just prior to Rev. Sheriff, who became pastor on Dec. 1, 1921.

"Many of our fine early members have passed on" Rev. Sheriff said, "and only 24 are still living. The first marriage solemnized was that of Charles Wendland and Miss Anna Siddons; the first death was that of Conrad B. Rinehart."

During the 27 years of Rev. Sheriff's pastorate, 1,346 adult members have been received; infant members and children through baptism, 603. Present membership is about 600 persons Present Sunday school membership is 300.

During his ministry Rev. Sheriff has performed 247 marriages and conducted 325 funerals.

Among the anniversaries which members of the church observed was the silver wedding anniversary of the pastor and his wife.

PAGE FOUR MANSFIELD, OHIO, SATURDAY, OCTOBER 30, 1948

Drive carefully tomorrow and Monday—so as to make sure of being able to vote Tuesday.

It appears that pre-election polls are very unreliable—unless they show your side in the lead.

Those colorful leaves look quite attractive while still on the trees—but not nearly so much so while lying on the lawn waiting to be raked up.

Six Ballots To Be Marked

MANSFIELD VOTERS at next Tuesday's election will be handed six separate ballots when they go to their precinct voting place, and there will be an advantage in knowing something about each of these before starting to mark them.

Widest of the six ballots is that which provides opportunity to vote for president, with the eagle at the top of the first column, indicating Republican, and a rooster in the next column, identifying Democratic. An X in either of the circles expresses the voter's preference.

In the third column on this ballot are the names of 25 electors, with an X required in the box in front of each name to indicate support of the third party, designated at the top as "independent candidates."

Next in size among the ballots is that for election of state, district and county officials, with the Republican ticket at the left.

Except in voting a "straight" ticket by placing an X in the circle at the top, it is advisable to place an X in the box in front of the name of each candidate for whom preference is being shown, although an X may be placed in the circle, to indicate party affiliation, and an X used to support the nominee of the opposing party on the other ticket.

This ballot starts with nominees for governor, continues with other state offices, congressman at large, district congressman, state senator and representative, and county offices.

The non-partisan judicial presents two contests for full terms on the Ohio supreme court and one unexpired term in which there is no contest; a contest for judge of the court of appeals in this district, and the unopposed re-election of Common Pleas Judge G. E. Kalbfleisch and Probate Judge S. H. Cramer in Richland county. It is the intent of this non-partisan ballot to make the choice on the basis of qualifications rather than party affiliation.

Longest of the ballots prepared for Mansfield voters is that which presents the initiated issue which would direct city council to pass an ordinance "creating positions, fixing minimum salaries and wages of officers and employes of the police department and fire department of the city of Mansfield."

This ballot, which is 17 inches long, contains the entire proposed ordinance, with which voters would do well to familiarize themselves before voting time, as it is too long to be read in the voting booth and should be fully understood before marking an X in front of either the "Yes" or "No" space at the bottom.

Two small ballots presenting bond issue proposals are of the same size, one being the proposed issuance of $2,250,000 in bonds to provide for completion of the public school building program, and the other asking sanction of a $500,000 bond issue for improvement and betterment of the city's sewer system.

Purposes of these proposals are briefly stated on the ballot, with space below for an X indicating "for" or "against."

This editorial is intended to be entirely informational, without indication of preference as to candidates or issues, and based on the assumption that voters entrusted with the responsibility of self government have already given thoughtful consideration to all matters involved in this election and that their marking of ballots will be in accord with good judgment, both as to candidates and issues.

Familiar Formula Seen In Reaction

REACTION of Mansfield Local 758, United Electrical, Radio and Machine Workers of America, to disclosures of communist workings in some American unions was just about what could be expected.

The reaction of the local union—at least as reported by its secretary, William Kozma—was so typical of the sort of activity that was attributed to communists in the UE and other unions, that it cannot fail to go far toward confirming the very charges it seeks to deny. At least it indicates that some officers and directors of the United Electrical unions are seeking to follow the Communist party line.

An effort to stage a demonstration which police said would have blocked a main thoroughfare at a factory rush hour; a cry of "red baiting" and charges thrown broadside at motives and interests of all who question the union leaders' designs; sanctimonious reference to the free speech guarantee in the Constitution and issuance of high-sounding statements by the secretary, in the name of the union—all these things are the established communist line of procedure.

These are the very tactics which Louis Budenze described in his article in Collier's magazine. In his article, he served warning that communist influences are being felt far out of proportion to actual red strength in the United States, through shrewd manipulation of union actions and policies by communist or fellow travelers who have established themselves in union offices.

No straight-thinking Mansfielder, and we believe this includes practically every one of the loyal American workers in all of Mansfield's industries, will be fooled either by the prepared "news release" statement, or by any other actions aimed at distorting claims, beclouding issues and dodging the real principles involved.

Word from Alaska is that prices are high and housing terrible—which leaves little doubt that Alaska is ready for statehood.

It seems difficult to get the lowdown on Louisiana politics—except that it's low down.

Raymond Moley's Analysis

Texans In Revolt Over Alleged Frauds

A FEW months ago, the Texas senatorship contest was dismissed as one in which Democratic victory was certain. Now we are awakening to the fact the Texas situation may project itself after the election into the great volume of action and speculation which will surely precede the opening of Congress on January 3rd.

There are two reasons for this rise of interest in Texas. One is the sense of outrage which has spread over the state since the dubious victory of Lyndon B. Johnson over Coke Stevenson in the primary. Circumstances strongly suggestin fraud in some counties have been widely publicized and are bitterly debated.

This, together with the declaration of Stevenson for the Republican candidate, has made barely possible a miraculous election of Jack Porter, the Republican candidate.

Another reason for the importance of the Texas outcome is the determination among the higher-ups in the Republican national committee to keep Johnson, if elected, from a vote in the early days of the new Congress. This can be done, as in the case of Bilbo and others, by a motion that he "stand aside" until the Senate under the Constitution determines his qualifications for the office. That would knock off one of the votes which might be essential to Democratic organization of the Senate.

* * *

Inherited Their Politics.

TEXAS at the moment is seething with a political fight which will live in its history. A good proportion of the Texas electorate is composed of people who say, "My pappy and my grandpappy voted Democratic, and it would be mighty serious if I did not do likewise." But at the moment a good many people in Texas think that on election day a lot of pappies and grandpappies will be turning in their graves.

Johnson won the nomination by 87 votes in a total of about a million. In Duval county, there was an amazing return of 4,622 votes for Johnson and 40 for Stevenson. Suspicious returns were also made from Jim Wells and Zapata counties.

Stevenson charges that he lost the nomination by illegal votes or returns in those counties. He formally requested a Senate investigation, and representatives of the Senate are in Texas gathering evidence. Texas papers are humming with stories of the dispute.

Porter, a "powerful good" speaker, is stumping the state, hammering away at Johnson. Stassen and Taft have been warmly received. Earl Warren is very popular in Texas. He knows Texas and Texans.

He shares their views on the destiny of tidelands oil. In Texas the revenues from leases on the tidelands go for education, and this is a major Republican card. The Democratic administration has been on the unpopular side of this controversy, as well as on other state's rights issues.

But factionalism among Texas Republicans has prevented the formation of a strong party. It will be years before the solid Democratic House delegation is cracked. Only intense feeling about the Johnson-Stevenson primary could possibly make the present contest close.

Whatever the result, Texas is learning the hard way why a real two-party system is essential to a state which is growing by prodigious strides.

The Nation Today

When Election's Over

By JAMES MARLOW

WASHINGTON—The man elected president on Tuesday can look forward to very little peace of mind the next four years.

You can take a look for yourself into the future, and you don't need a crystal ball.

In the first place, there may be war with Russia in these next four years. No one says there will be. But that's a possibility.

And the man who wins on Tuesday, whether it's President Truman of Governor Dewey, will have that on his mind.

In the second place, if there is no war, what happens in this country the next four years depends largely on what happens abroad.

And what happens abroad depends largely on what happens here. It's a complete circle, round as the earth.

So the new president will have to juggle the world, not just one country.

If this country's economy should collapse from a bust following the present boom, the rest of the western world's economy is almost sure to collapse.

And through the doors opened by misery, despair and chaos communism can rush in and grab power without need of war at all.

Here's some of the problem:

When the new president throws open the White House windows the day after inauguration, he'll look out on a wonderfully prosperous America.

It will be a country with full employment, people making the highest wages in history, and factories working at their fullest.

But it won't be quite that rosy underneath the glow.

For living costs—at just about the highest point in history—are chewing up the dollars the workers make.

* * *

Some Complications.

TO GET the nation's prosperity back to solid ground, the president will have to try to get living costs down.

Yet, in doing that, he'll have to see that prosperity doesn't explode and tumble the nation into shuddering depression.

One of the things he'll have to try to do to head off a bust is cut down on government spending. But how?

Doing it will take a lot of brains, not only the new president's but the brains of the best advisers he can gather around him.

Some of the present prosperity is tied in with government spending—over $20,000,000,000—for the armed forces and help for Europe. (Providing supplies, food and weapons for the armed forces and food, fuel and other supplies for Europe keeps a lot of people employed in this country.)

But the big armed force and the help for Europe have been made necessary (1) because of fear of war with Russia and (2) to help Europe recover so communism can't take over.

So long as Russia keeps the world jittery, piling crisis upon crisis, the big armed force will be necessary. So will help for Europe.

Yet, how long can we keep on pouring out billions for the armed forces and aid for Europe without a bust?

What's the way out of this endless circle? How can the country get back to normal so long as communism remains a danger?

No one has come up with the answer yet.

Leaving Key In Car.

Apparently many motorists still neglect to safeguard their automobiles, even though cars represent a considerable investment and have been hard to get for some years. As delayed deliveries of shiny new vehicles finally are made, some of the "grateful" motorists promptly take them out on the streets, park them conveniently beside the curb, and walk away with the key left in the ignition lock.

By and by a "professional" auto thief, or more often a teen age boy, takes a quick look through the window, slips behind the wheel, flips over the key, steps on the starter—and there goes the car. It happens with old models and with new.

With the car may go a trail of juvenile delinquency, public hazard, possible fatalities, and perhaps a charge of manslaughter.—Milwaukee Journal.

Summary of Week's Happenings

Contenders Near End of Speech-Making

By ASSOCIATED PRESS

THE 1948 political campaign for the presidency and control of Congress is all but over and the book is almost closed. The last climactic chapter will be written Tuesday when an estimated 51 million Americans go to the polls.

The two major party candidates, President Truman and Governor Dewey, rested at home after one of the most strenuous, though hardly the most exciting, campaigns in history. Both had crisscrossed the continent, ranged north and south on special trains, speaking at formal rallies in the big cities and making platform appearances in between.

Both wound up their campaigns in the traditional manner, by concentrating on the big cities in the east and midwest where the heavy voting strength lies. Gov. Dewey followed Mr. Truman by a day with major addresses in Chicago, Cleveland, Boston and New York.

Rest at Home.

The President was scheduled to spend Sunday at his home in Independence, Mo., Gov. Dewey at his Pawling, N. Y., farm.

On Monday night, election eve, both candidates will close their campaigns with brief radio speeches. Mr. Truman will speak from his home in Independence and Gov. Dewey from a broadcasting studio in New York.

On election night, a White House spokesman said the President expects to go to bed about 10 p. m. and arise early the next morning to learn the verdict of the voters. Mr. Dewey is expected to hear the returns at his headquarters in the Hotel Roosevelt, New York.

Both Are Confident.

The President and Gov. Dewey emerged from the grueling pressure of the final week's heavy campaigning outwardly confident.

Public opinion polls recently have indicated some gains for the President and Mr. Truman believes these gains are more sizeable than the polls show. He has said repeatedly that polls lag far behind changes in public sentiment.

The President continued his attacks upon the Republicans for failing to "frankly discuss the issues" and called Republican leaders men of "little vision" who give "lip service" to democracy and make "soap-bubble promises" that "vanish at the first touch of reality."

Appeals for Unity.

Governor Dewey, on the other hand, continued his emphasis on appeals for national unity under a Republican administration. He criticized the "fumbling" and "confusion" of the Truman administration and pledged an efficient government at home and a strong and consistent policy abroad if Republicans are elected.

At Home

Ban Picket Blockades.

The National Labor Relations Board has banned mass picket blockades as illegal in an important new set of rulings under the Taft-Hartley labor law.

In a three-two decision, it also has ruled that a union is legally responsible for actions of its locals and authorized agents. The NLRB majority decided that if an international officer takes no steps to stop violence, his mere presence during picket-line trouble is sufficient to hold the international and local union jointly responsible.

This new precedent-setting interpretation has been described by impartial observers as "just about the most important decision so far under the Taft-Hartley labor law."

ABC's of Economics.

Government statisticians have found a silver lining in the dark cloud which hangs over the housewife and her budget. They say that living costs which hit an all-time high in August rose no higher in September, the latest for which tabulations are complete.

October totals are not available yet but, the statisticians hope, some slight declines may be recorded.

Meat prices, which broke as much as 30 cents a pound at the retail level early this month, are going back up, however.

Cyprus Listening Post.

The United States is building a huge radio monitoring station on the secluded north shore of Cyprus, 600 miles from Russia. Its sensitive antennae (one is more than 3,000 feet long) will pick up every broadcast within thousands of miles.

The Cyprus station is the latest evidence of British-American cooperation in meeting the problems of the cold war with Russia. This new big ear will eavesdrop across the Iron Curtain, pick up the bickering among the satellites, learn what the Cominform is telling the peoples of eastern Europe and record all the domestic broadcasts within the Soviet system.

Abroad

Russia Says "No" Again.

For the 28th time, Russia this week exercised her right of veto in the United Nations. France alone of the other members of the Big Five has employed it. The French used it twice. The United States, Britain and China have never used the veto.

Russia turned thumbs down emphatically on the attempt by the six "neutral" nations on the Security Council to end the Berlin crisis by compromise.

Waving his arms wildly, Andrei Vishinsky, the Soviet deputy foreign minister, charged their proposal was "unfair to Russia." It already had been accepted by Britain, France and the U. S., although it did not meet all their views.

Russia's impending veto in the Berlin crisis cast a pall last Sunday over the third anniversary of the United Nations. The U.N. Charter was signed in San Francisco June 26, 1945, and took effect October 24, in that year.

* * *

Japan's Long Road Back.

Gen. Douglas MacArthur predicts the Japanese will regain their prewar standard of living within five years.

The Allied occupation commander reported that on August 1 the Japanese industrial production index was 52.9 per cent of the 1930-34 level, which has been set as the pre-war base. It was the first time since the surrender that the index passed the halfway mark.

July's production index was 32 per cent higher in 1948 than for the same month a year ago.

The general increase is attributed mainly to better coal production which aided other industries.

During the three years of occupation rule, Japan has contracted to import goods worth one and one-half billion dollars and has export contracts totaling 440 million dollars.

* * *

15-Year Reforestation Plan.

Soviet Russia, the home of five-year plans to revamp its industrial economy, has announced a new 15-year superplan to abolish drought and double its grain harvest.

Moscow says it is the greatest soil conservation project ever attempted in the world. Nothing like it can exist under capitalism, boasts one Russian newspaper.

It is a gigantic plan to ward off dust bowls by revolutionary reforestation programs involving 300 million acres of collective state farms.

Planting For the Future

By CALVIN A. BYERS

THE old man sat by the road under a shellbark tree, with a small white sack between his knees. I noticed his lean face and the gray chin whiskers—his blue-veined gnarled old hands. He got up, raked the yellow leaves away and picked up a few white-shelled nuts which he put into his bag.

He was across the fence from me, but from where I stood I could hear the nuts drop against others within the sack. He handled these autumn fruits with a gentle dignity that made me wonder. So I waited, and when he approached the wire fence with his sack in hand, I offered to help by holding the barb down while he climbed over.

He thanked me, and handed me the white bag, while he stiffly crawled over—then smiled through the whiskers and said, "I used to do this more easily. That hickory tree used to be on this side of the fence . . . they've altered this road some ways."

"You've lived here, at one time?" I asked.

"No—my most important work is planting nut trees. It's a job I took up for myself when my wife died, years ago. The children wanted me to settle down and stay with them—they've got homes of their own—but that privacy oughta be theirs. Two boys, both well married, and five grandchildren.

"I like the fields and the woods. I follow the summer north—and wherever I go I plant nut trees. Six years ago I came this way, and the nuts I planted are sturdy young trees now. One place I planted a little grove, and a young ex-soldier has built his cabin in the center—that gave me a thrill!

"I often manage to slip a large seed close beside a young family's new home. It will do no harm. The seeds are the best I can get and I've read everything I can find about nut trees. The seed houses never fail to send suggestions for planting and the forestry folks are glad to help when they know what my idea is.

"I get an old-age pension—I'm able to pay for my lodging at farmhouses—if I plant six to seven thousand seeds a year, I figure I've earned my money. One young farmer said to me: 'Why you're planting five or six thousand monuments to yourself every year!'

"Here of late, I've been mailing the seeds on ahead—makes me less of a load. I'm getting old—might as well admit it. But I plan to keep on down the highway to the seaboard, a-planting shade and nut trees all the way!"

His face shone as we parted at the fork of the road. I gave him my hand and wished him Godspeed, and he thanked me with gentle dignity. When I looked back, this rare and useful gentleman was out of sight.

About a Christmas Card

By ELSIE ROBINSON

I SAW a Christmas card the other day.

It wasn't splendid.

It wasn't expensive.

And yet it was one of the most completely heart satisfying cards that I have ever seen in my life.

There were no gorgeous decorations upon it—not even a line of gold or a shining star. No ribbons, no holly. But there was a person plain to see on that card and in every one of its simple letters that person came close to you and laughed deep into your heart.

How did that card go?

Oh, just a couple of lines—a greeting and a name. But the name and the greeting were written in the distinctive handwriting of the person who sent it. All his life that man had been cultivating that handwriting. He had no special style in view. He was not trying to make any dramatic impression. He was just writing his name.

It was a nice name and he wrote it plainly so anyone could see. And the minute you picked up that card you were glad you knew that man.

For that man had one supreme gift to give. He had the gift of himself and he gave it as he would have shared a bowl of bread and milk beside an old fashioned stove.

He was just himself on paper and you could take him or leave him but the chances were fine that you'd take him.

Strange how few of us have that great talent, isn't it? We're always trying to be somebody or something else than nature intended us to be. We're always putting on an act. We don't dare take off our makeup and share our plain old mugs as mother nature mapped them out.

But what a joy it is when one of us dares to be himself. Just his own simple and natural, unaffected self.

There's no gift in the world like it.

There's no treasure so rare.

There's no power as potent.

Voting has been made much easier for us by the scope of the campaign . . . Every candidate has had numerous opportunities to scuttle himself.

Raps FDR For Picking Wallace As Vice President Despite 'Guru'

NEW YORK—The authenticity of the goofy Guru letters has been established. Sufficient evidence has been presented to surround Henry Wallace with his associates in the esoteric circle of the Roerich cult. The reason he flinched when I challenged him in public at his own convention was that he did not dare deny either the letters with their plain implication of mental unsteadiness or his guilt in other matters, arising from a secretive society of art faddists and serious devotees of the wild, Orientalism which looks to a universal holocaust to purify mankind.

I want to show today that Franklin D. Roosevelt was not ignorant of this mess in the lamasery on Riverside Drive where Bubblehead Wallace sometimes sneaked in with his hat-brim down and his collar up.

Louis L. Horch got a letter from Roosevelt when Roosevelt was still governor of New York, showing that Moosejaw was interested in the Roerich museum, as the Lamasery of the cult was called, even before he became president.

During some receivership proceedings concerning the museum, Roosevelt wrote Horch as follows: "I am distressed to learn of the difficulties into which the Roerich museum has fallen and sincerely hope that some way of adjustment may be found which will permit the work of the museum and its affiliated enterprises to continue."

Yeah, Why so? Why did Moosejaw sincerely hope that this work could continue?

Anyway I have shown you that Roosevelt was interested in this nut factory where Sol Bloom, the old hoochy-koochy promoter from the streets of Cairo, had a little bower for himself, and Bubblehead played postoffice with the spooks.

The point I am establishing is Roosevelt's guilt in picking Wallace for vice president. That was a terrible thing to do and the evidence becomes more and more convincing that Roosevelt, Eleanor, Hopkins and Ed Flynn, the chairman of the Democratic national committee, knew the terrible truth and let the people elect Wallace to a job which he might have stepped to the presidency any minute. You can't blame Wallace. He can't help it.

Another point of news for you is that this mealy faker, with his sham of honesty and utter disinterest in graft, threw $17,000 of the people's money to Horch's museum during the New York World Fair. There was an exhibit of Latin-American paintings and Wallace, representing the federal government, snatched the show away from the World Fair, where it belonged, and dropped it into Horch's pitch way up on the drive, and hard to get to, and paid Louie's museum $17,000 of the taxpayers' money.

All this time, Wallace was also putting some fat on Horch through a series of highly influential jobs in the departments of agriculture and commerce.

I phoned Horch recently. He said these matters concerned Henry Wallace, not him, and decided not to discuss anything with me.

"The hell these matters don't concern you," I said to Mr. Horch. "If you don't tell me what you were doing in the Department of Commerce as New York regional representative and tell me about your speculation in silver while you were pals with Henry Wallace — Brother, I am going to tell you."

And I will, too. I will tell him and you can listen because what I am going to tell him isn't going to be confidential.

Marine Captain Describes Manner In Which Tokyo Rose Hurt Morale

"POOR" BUTTERFLY

Dear Tokyo Rose: Some months ago Walter Winchell passed along to me your letter of April 14, 1948. The one you handed to the late Earl Carroll (in Japan) after you had told him your long sad story. He promised you that it would be delivered personally to Mr. Winchell and given every consideration. Apparently the boys conducting the investgation had trouble nailing down some facts as they always do in serious cases of treason for espionage or psychological warfare where an attractive woman is involved. And before evidence was uncovered you hoped for a quick whitewash to your own taste right out of a pressure cooker.

Your words over Radio Tokyo constituted psychological warfare and aided and abetted Japan in its attempt to destroy Americans and conquer the United States, where you were born!

When the First Marine Division pulled out of the Solomons, it was a tattered outfit, Rosie, but you wouldn't let us alone, would you? Most of us who still had our arms, legs and head also had the aftermath of typhus, malaria, joundice, black water fever, filiariasis and multiple other tropical fungus infections.

Our convoy to Australia was supposed to be a carefully guarded military secret, but the night we arrived there you knew all about it. The Imperial Japanese High Command must have thought a lot of your Zero Hour to feed you its up-to-the1minute secret intelligence.

Then you hammered away at us in what is known to professional psychological warriors as wedge-driving, the subtle demoralizing, maddening form of black propaganda which turns men against their best friends with ingeniously conceived diabolical lies. You broadcast to the valiant Australian divisions, then in the jungles of New Guinea, that U.S. Marines were gorging themselves with sizzling steaks and roast lamb, drinking cool foaming beer and raping all the beautiful girls in Australia, the wives and sweethearts of their forgotten allies in New Guinea's jungles. You gave us that treatment when we were on Guadalcanal, suggesting that 4Fs and black marketeers were stealing our wives and gals in the U.S.

When the First Marine Division proceeded to New Guinea to prepare for another attack on Japanese forces in the Bismarck Archipelago, that move was supposed to be top secret. Yet the very day we sneaked into Cape Sudest you called the turn. You pin-pointed us on the map. You told us that Japanese bombers would slam hell out of us that same night. And they did.

Rosie, do you remember the night you broadcast about atabrine from Radio Tokyo to the First Marine Division, then struggling with the jungle, its horrible diseases and several fanatic Japanese army divisions on Guadalcanal? "And so, my poor forsaken little bastards," you beamed over your Zero Hour, "be sure to take your atabrine before you fall asleep.

You were Americ's first and worst disc jcokey, and you were on the wrong side. If the jury finds you guilty, I hope you have to listen to playbacks of your treasonable broadcasts every day for the next 20 years in jail—Capt. Frank Farrell, First Marine Division.

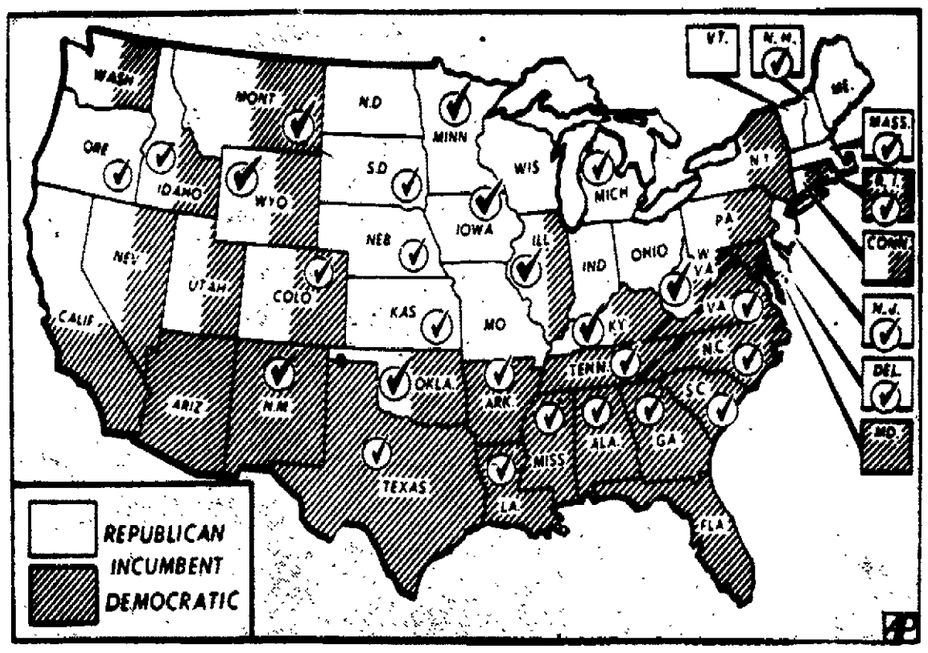
School Choirs Stage Carnival

Gymnasium and halls at Senior high school are teeming with activity today as members of the three high school choirs install booths and erect picket fences in preparation for the annual carnival.

Tonight's festival, the third in the series of such events, will be called an "autumn festival." Patterned much after last year's carnival which attracted about 2,000 parents and friends, the program tonight will be held in three parts of the school. Beginning at 8 p. m. there will be a "Modern Melodies" show in the auditorium, with a second show starting at 9:15 p. m. Dancing will be held in the gym and the halls will be lined with booths of all descriptions.

Doors at Senior high school will open at 7:30 p. m.



DETERMINE NEXT SENATE CONTROL—Check marks indicate 31 states where voting (Nov. 2) will determine makeup and party control of the Senate in the 81st Congress. Thirty-two senators are to be elected; Louisiana votes for two. Heavier check marks denote states where the political leaders expect some close contests as Democrats, with 45 senators now, seeks to gain four seats in an effort to gain a majority. States partly shaded denote those now with one Democratic and one Republican. Check marks in such states indicate the seat involved in the election—whether Republican (white half) or Democratic (shaded half). No Senate seat is involved in the election in the other 17 states. Maine elected a Republican senator in September.

Green Says Lewis Talks Like a Red

WASHINGTON—(INS)—AFL President William Green today "invited" John L. Lewis to make the first move toward American labor unity by returning his miners to the federation.

At the same time, Green accused Lewis of talking like a communist in his proposal on the French coal strike and repudiated reports that the AFL will favor creation of a third party.

In a news conference after his recent midwest tour, the AFL president also declined to predict the election of President Truman although forecasting a Democratic senate victory.

Green noted the recent action of the United Mine Workers convention in advocating labor unity. He said:

"The UMW could start it by returning to the AFL. The machinists too. That would be a decided step in promoting unity."

Green's letter to Lewis on the French coal strike was caustic, however. The UMW leader had asked Green to influence President Truman to use his control of Marshall Plan funds to "stop the shooting of French coal miners."

In Minneapolis three days ago, Green said he was "sympathetic" to Lewis' suggestion. After investigating the "facts," he wrote Lewis the French mine strike is communist sabotage. He said:

"First of all, the charge that President Truman is responsible for the shooting of French coal miners' is unfounded, ridiculous and absurd.

"Such a charge might well be made by a communist representing the communist organization which seeks to destroy the Marshall Plan but it is most difficult to comprehend how you, like myself—who have always been uncompromisingly opposed to communism — could make it.

"We (the AFL) cannot, and will not, extend either sympathy or support to the communist labor movement of France or to the Communist party which is capitalizing upon the misery, suffering and hunger of working people to promote its political objectives and to establish a communist dictatorship in the republic of France."

Green said the federation is not officially supporting President Truman but that "the bulk of AFL members will vote for him."

Former City Resident Dies

Albert Becker, 63, former Mansfield resident, died at his home in Indianapolis, Ind., Friday, according to word received here by relatives. Death followed a four-week illness.

Mr. Becker was in partnership with his father, Alois Becker, in a custom tailor firm here for a number of years.

Surviving are his wife, Hazel; two sons, Paul and Robert; one daughter, Mrs. John Carick; one brother, William J. Becker of Sandusky; two sisters, Mrs. Helen Bihn of Tiffin and Mrs. Marie B. Masse of Mansfield.

Services will be held in the St. Peter's and St. Paul's Catholic cathedral in Indianapolis.

Baku Grotto Holds Dance Tonight

A "hard times" Halloween dance will be held in Grotto hall tonight, sponsored by Baku Grotto. "Guest night" will be observed, Monarch Wilbur Jamison has announced.

Music for dancing will be furnished by Bill Leicy and his orchestra, from 9:30 until 12:30.

The regular meeting night for Baku Grotto has been changed from Friday, Nov. 5, to Monday, Nov. 1, so as not to conflict with the Tyger-Marion Harding football game.

The annual election of officers will be held at the Monday night meeting, Jamison announced.

New Police Chief

AKRON — (INS) — Sergt. Bryan Eubanks will officially replace William Daugherty as police chief of suburban Barberton Nov. 1. Eubanks, who was appointed by Mayor Theodore Parker yesterday, has been acting chief since Daugherty was injured last spring.

Patient Care Plan OK'd

County Signs Hospital Contract

Richland county commissioners today signed an agreement with the Mansfield General hospital to provide hospitalization for indigent persons.

The service will be paid for at the rate of $10.77 per day per patient, and covers all services rendered to the patient by the hospital. Previously, the rate was $7 per day for a room, but did not include the other costs of hospitalization. The new one-year contract goes into effect Nov. 1.

The agreement states that persons obtaining such hospitalization services must be certified by the Richland county welfare department or relief department, and that the service is not to continue more than three months.

The agreement was signed for the hospital by Wayne Copeland, hospital superintendent.

Copeland said the $10.77 charge was actually two dollars less than the actual costs of caring for patients at the hospital. He said the figure is the same as that used for the "Emergency and Maternal Infant Care" program, which has been set up by the federal government.

Scout Troop Meets At Glenn Pore Home

Members of Girl Scout troop 20 attended a party at the home of Mrs. Glenn Pore, 313 Superior street, Tuesday evening.

Halloween decorations were used, and games furnished the entertainment. Prizes were won by Jean Bargahiser and Roberta Longsdorf.

A luncheon was served by the mothers' committee, which includes Mrs. Glenn Pore, Mrs. E. E. Feeman, and Mrs. K. A. Bargahiser.

Attending were Patty Wright, Donna Feeman, Juanita Bargahiser, Nancy Pore, Evelyn Goon, Roberta Longsdorf, and Jean Bargahiser.

County Gets Children's Case Worker

Miss Seibert Named To Full-Time Job

Miss Mary Lou Seibert, 23, will begin her duties Monday as case worker for the Child Welfare board, with headquarters at the Richland County Children's Home.

Miss Seibert, daughter of Mr. and Mrs. Joe Seibert, 55 Sturges avenue, was graduated last June from St. Frances college, Joliet, Ill. Although she has had no actual experience, Miss Seibert majored in sociology and during her four-year course, had practical training in child welfare.

The new post is a full-time job. Miss Seibert will start to work at 8:30 and work until 4 p. m. daily except Saturdays when she will work until noon.

The job formerly was held by Mrs. Laura Reece, matron at the home. With Miss Seibert's employment, Mrs. Reece can now devote most of her time to the matron's work.

Miss Seibert was employed as a result of the recommendations made by a state survey committee, which recently completed its report. The child welfare board decided upon a stepped-up child welfare program in the county.

Action was taken at the meeting of the board on Friday, Oct. 22.

Fall On Walk Fatal to Man

MILLERSBURG — Dr. A. J. Earney, Holmes county coroner, ruled the death of Elmer E. Emerick, 59, who was injured fatally in a fall here yesterday as accidental. The victim was pronounced dead on arrival at Pomerene Memorial hospital.

Mr. Emerick had been aiding his son, Francis, repair a porch when he fell onto the cement sidewalk. A basal skull fracture was given as the cause of death.

Mr. Emerick had been a farmer near Loudonville until seven weeks ago when he made his home with the son. He was a member of the Ashland County Farm Bureau Council.

Besides his son, he leaves two grandchildren and a brother, Zent C., of Mansfield. Services will be at 2 p. m. Monday in the Elliott funeral home here with burial in Pioneer cemetery in Lake township in Ashland county. Rev. Robert Deitrich, Wadsworth Methodist church pastor, will officiate.

HAPPY BIRTHDAY —

One of Mansfield's older residents is celebrating a birthday today. Jesse E. LaDow will be the honored guest at a family dinner tonight on his 86th birthday.

La Dow

LaDow was born in Plymouth and has spent most of his life in this area. Although he is retired, he still maintains an office where he spends several hours each day.

He is a member of the First Congregational church.

LaDow has one step-daughter, Mrs. Harry Lowrey. He makes his home at 750 Woodhill road.

★

BOB FOR APPLES—

"Apple bobbing" will be on the program tonight when 56 children of the Richland County Children's home enjoy their annual Halloween party. Everyone from the smallest and youngest child to the oldest, and including Mr. and Mrs. George Reece, superintendent and matron, will be masked for the party. There'll be doughnuts and cider and plenty of games and fun. Some of the treat for the children has been contributed by the junior auxiliary of the American Legion. The rest has been provided by the home.

BUSY PASTOR—

This is a busy week for Rev. Carveth P. Mitchell, pastor of the First Lutheran church. He left Tuesday morning for Freemont, Neb., where he has been giving a series of lectures to students in the Western Theological seminary of Midland college. Today he stops in Toledo to talk to Luther Leaguers at their annual state convention. He returns home for the Sunday morning service, then goes to Akron where on Sunday night he will give the Reformation Rally address at the Trinity Lutheran church.

Work On Fairlawn Pushed

More Good Weather Needed

The city's 1948 street paving program moved into its last stage today as workmen began pouring concrete on Fairlawn avenue, the last of seven streets that were to be graded and paved this year.

An eighth street, Sloane avenue, between Marion avenue and Taylor road, was paved privately by the R. O. Darling company for Philip Wilging, who owns most of the property on that portion of Sloane avenue.

Earlier this year, Saxton and Abbeyfeale roads were paved by the Mansfield Asphalt Paving company under contracts let last year.

Following those jobs, the same firm paved Poplar street between Ohio street and Sloane avenue and Wood street between Cline and Glessner avenues.

WORK DELAYED

Work on the last three, Overlook road, between Crescent and Davis roads; Clifton avenue, from Main street to the end of the street, and Fairlawn, was held up when a strike tied up the Medusa Portland Cement company for more than a month.

That firm is the principal supplier in Ohio, and the Mansfield Asphalt Paving company was unable to obtain cement to put down the concrete bases for the three to-be-blacktopped streets.

During September, after the streets had been graded, heavy rains turned them into quagmires and prevented residents from parking their automobiles in their garages.

As soon as work on Fairlawn avenue is complete, and if the weather doesn't get too cold, the Asphalt paving firm will cover Overlook, Clifton and Fairlawn with blacktop and complete the 1948 paving program.

Cycle Rider Injured

A 26-year-old Mt. Vernon motorcyclist was injured yesterday when his cycle was struck by a car on East Fifth street, just east of Elm street.

The victim, Carlos M. Martin, was treated at Mansfield General hospital for abrasions of both legs and the left hand. He was released.

Police said Martin pulled out of Elm street onto Fifth, heading east, when a car driven by Paul Lilly, 505 Wayne street, going east, attempted to pass another car and collided with Martin's cycle. Police said the accident occurred at 1 p. m.

Nicholas J. McGrath, 36, of Shelby, R. D. 1, escaped injury late yesterday when his car overturned on Bowman street road, two miles north of Mansfield, sheriff's deputies reported.

McGrath told officers he was blinded by the lights of an approaching car and lost control of his car. He said the car swerved off into the berm then turned back on the road and overturned.

Vandals Rip Corn Shocks

Corn shock destroyers, believed to be Halloween vandals, were on the loose again last night as 20 shocks of corn were reported ripped apart at the North Liberty road home of Mrs. Roy Spohn, one mile south of Butler.

Meanwhile, sheriff's deputies said four youths, believed to have burned three corn shocks Thursday night on the farm of Robert Thom, south of Lucas, were ordered to the sheriff's office at 7:30 p. m. today. Deputies said the boys were traced through the license number of the car they were driving.

Mansfield police said today that a sign advertising a doll hospital had been reported torn down during the night at West Fourth street and North Linden road. The incident was reported by John Donley, 94 North Linden road, who said he had erected the sign.

OXFORD—(AP)—Miss Mary Ellen Riley of Westfield, N. J., and Paul Brinkman of Hamilton, O., reigned today as queen and king of Miami university's annual home-coming.

Boy Scouts Invited to See Little Theater Show Nov. 8

Boy Scouts of the city will be invited to be guests of the Mansfield Little Theater at its student night presentation of 'Room Service," Nov. 8, W. G. Schultz, president of the organization, said today.

Schultz extended the invitation for all Scouts of the city to Floyd Dent, executive secretary of the organization. Invitation to the Scouts is in keeping with the plan of the Little Theater to invite at each production some youth group of the city which has given service to the community.

Decision to ask as guests some youth group was made at the clinic of dramatic teachers held last spring and supervised by Earl Heasley, who directs "Room Service."

Rehearsals for the play are in progress, according to Heasley, and dress rehearsals are scheduled for next week. The play will be presented to the public on Tuesday and Wednesday nights, Nov. 9 and 10.

Scouts of the city are helping to distribute posters announcing the play and members of the Hi-Y club have been assisting in selling tickets, Schultz said.

Announcing

A NEW AND COMPLETE CONSUMER CREDIT DEPARTMENT

Monday, November 1, The Richland Trust Company opens a new department for your service—one where you may obtain extra money for sound use, personal or business, and make repayment in easy monthly installments.

The Richland Trust Company has made loans to individuals ever since its establishment back in 1898, but never at lower rates.

Here you may borrow

to meet both emergency and seasonal needs, for pressing bills, medical expenses, etc., or for taxes, insurance premiums and other anticipated obligations.

to improve and modernize your home or other property.

to finance automobiles, trucks, household appliances and farm equipment—

all on the most favorable terms permitted under Federal Reserve regulations governing installment credit.

When you Borrow Here you make repayment out of income.

There are no extra or hidden charges on Richland Trust Company loans.

Tygers Win Football Track Meet, 62 to 7

from the tyger lair

By CHARLEY STINE

Senior high's No. 1 father missed the larger part of last night's dads' and moms' game. Coach Augie Morningstar left after ten minutes of the first quarter to look over a new quarterback addition to the family. Mrs. Morningstar had given birth to the youngster a half hour before game time.

Augie had not figured on leaving so soon but after his team had gotten off to four touchdowns and 27 points in the first quarter he thought things were pretty safe. He turned things over to "Big Mike" Byelene, while he went to see "Little Mike" Morningstar, his namesake.

★

Either the rejoicing over the coach's son, rebounding from the Massillon game, or a newly-found spirit put real fire into the Bengals . . . Admittedly the opposition was weak, but for no understandable reason Mansfield was "up" and played its best ball of the year . . . running was beautiful, and passing was good in spots, but the fine kicking of Guard Howie Tipper must not be overlooked.

Tipper converted on eight of the nine touchdowns and became somewhat of an automat by booting the last seven . . . all in all he kicked 19 times including ten kickoffs . . . these too, contributed much to the offense as he averaged 50 yards per kickoff . . . With Kiser having fumblitis the good kickoffs several times meant that the Tygers took over deep in their opponent's territory . . . for the first time this year, Mansfield did not fumble a single time despite the fact that it was using razzle-dazzle football.

★

OVERHEARD in the press box: "Our side has used everybody but Lummox" . . . Another at halftime—"Appleseed is going to play the second half" . . . Before the game, Cuff Stuffer Fred Tharp telling statistician Carl Graham "Paul Ferguson is about due to intercept a pass for a touchdown" . . . He did . . . Of course, a prediction on anyone making a TD would have likely come true for six backs scored for Mansfield.

★

Tyger fans, apparently feeling sorry for the Kiser team, gave it a rousing cheer on the only Dayton touchdown . . . George Markoff, 133-pound junior quarterback of the Panthers needed no cheering . . . all he lacked was some good solid blocks at the right time . . . the little sprinter was far and away the best Dayton man on the field as he threw several good passes . . . he scored the only touchdown, kicked the extra point and for all we know, may have blown up the football

Those who bought the Arlin field scoreboard apparently did not think the Tygers would even get as hot as they did . . . the board does not have numbers above 5 on the left side of the score indicator and when the tally reached 62, the board dropped to a mere 2-0 . . . Marion coaches were a sorry lot as they left the stadium after scouting the Tygers for next week's game here.

★

Mansfield has now won five-of-seven games. The only loss to an Ohio team was last week at the hands of Massillon, 33 to 7.

Kiser Team Victim of Uprising

By FRED THARP
(News-Journal Sports Editor)

Mansfield Senior high's touchdown train soared to the scoring stratosphere last night in defeating Dayton Kiser, Gem City champions, 62 to 7, before an estimated crowd of 9,000 in Arlin field.

Using subs only sparingly, the Tygers rolled to a 62-to-0 lead in the third quarter as a tribute to their parents at the Moms and Dads night affair. But more especially the players blazed to the sky-high score as a gift to Coach Augie Morningstar, who become a proud papa while the club was warming up for the game.

ROLL UP BIG TOTAL

The Tygers rolled to the staggering total of 420 yards on the ground and 62 in the air as they scored nine of the 11 times they got the ball. Penalties were about the only thing that stopped Mansfield last night The Bengals were assessed 91 yards for infractions. The penalty bugaboo stopped the odd drives and even resulted in a Joe Miller TD being called back.

Completely out-played, the young Dayton team came to life in the fourth period when Tyger subs finally dotted the lineup. Kiser marched 80 yards with George Markoff finally going over from the four on a sweep and cutback. The 133-pound junior kicked the seventh point.

ONE MINUTE LATER

Senior high had one touchdown just one minute after the game started. Lou Gregorio returned the opening kickoff 27 yards to the 35. Little Tommy Tucker went off-tackle for four and A. C. "Sparky" Jenkins went through a wide hole on a trap and sprinted 61 yards to pay dirt. Dayton was off-side but the penalty was refused. Tipper added the point.

Here's the remainder of the scoring table:

2—Jenkins 19 yards on a trap play. Twenty-nine yard drive setup when Ken Carver recovered a fumble on the 29. Tipper missed for the only time. Time: 4:00 of first.

3—Tucker swept end for 33 yards and out-ran the secondary. Drive went 57 yards as Mansfield was penalized for 20 yards. Time: 6:45 of first.

4—Gregorio plunged over from one. Drive went 13 yards as Bernie Weaver recovered fumble on the 13. Time—9 min. of first.

5—Miller off-guard from the 43. He shook loose from three tacklers in the sprint. Fifty-two yard drive. Time: 30 sec. of second.

6—Paul Ferguson intercepted Lefty Don Hortman's pass and dashed 86 yards behind beautiful interference. It was second longest run ever made at Arlin field. Time: 2:30 of second.

7—Gregorio waltzed over on a cross-buck from the 18. The drive covered 68 yards. Miller had one 24-yard run, Jenkins a 19 yarder and Gregorio 20-yard cross buck on the march. Two 15-yard penalties retarded progress. Time: 4:45 of third.

8—Joe Letuzia bucked across from the one The 47-yard drive started when Harry Osbun intercepted a pass on the 47. A 35-yard toss from Ferguson to Weaver put the ball on the 10. Time: 7:50 of third.

9—Gregorio 48 yards off guard. It was the prettiest run of the game as the clever senior put out with some fancy hipper-dipper stuff. The second play after the Tygers took over on the 48. Time: 11 min. of third.

NEW YORK — (NS) — C. V. Whitney's Phalanx is a strong favorite to win the $50,000 Westchester handicap at Jamaica today.

Madison Attempts to End Losing Streak

PILE 'EM UP—Lou "Double No-Hit" Gregorio blasts six yards to the Dayton two in the first quarter of last night's Senior high-Dayton Kiser clash at Arlin field. The play was called back as the Senior high backfield was in motion. Two plays later Gregorio went over for his first of three TD's. Tony Taddeo, Tyger guard, blocks Gatlin Uzzell (80). Other Tygers in the picture are: Capt. Joe Miller (48), A. C. Jenkins (24) and Jim Miller (52). Kiser players are: Clarence Reddens (69), Tom Davis (68) and Jerry Johns (78).—(News-Journal photo by Bill Graham)

Norwalk Wallops Shelby In League Tilt, 25 to 7

NORWALK—The Norwalk Truckers walloped the Shelby Whippets, 25 to 7, in a homecoming game at Whitney field, last night.

It was a Northern Ohio league game.

Early in the second quarter two passes by Bill McKinley to Franklin and Prindle brought the ball down to the Shelby 20.

A fifteen yard penalty put the ball on the Shelby five. Hester plunged for the first score.

Rich Meagrow kicked off to Clarence Fackler who returned to the 33. Fackler again carried for 14 yards and a first down. Jerry Dennis and Fackler alternated to make it another first down on the Norwalk 41. Jim Berry then came into the ball game and in three tries carried the ball over for a touchdown. Junior Scheerer kicked the extra point and the Whippets led, 7 to 6.

GOES FOR 63

Later in the period McKinley cut for 63 yards on a brilliant run which carried to Shelby's 10-yard line. Hester made five. A penalty put the ball back on the 10 and McKinley passed to Johnson for eight yards. Johnson made one yard and then Hester plunged over.

The second half was just too much McKinley. Early in the third quarter he dashed nine yards around left end for the third score and then passed to Hall for the final touchdown on a 41-yard play. Hakes converted.

Shelby had one touchdown called back in the first period. The Whippets marched 61 yards with Fackler going over from the 20. Holding nullified the score. Fackler also had runs of 54 and 30 yards in the initial period.

Alliance Aviators Are Trounced By Canton McKinley

CANTON — Maybe there are better football teams in Ohio than Canton McKinley's Bulldogs, but you'll have to prove it to the 26,500 fans who saw Coach "Bup" Rearick's boys perform last night.

McKinley—rated as No. 1 in Ohio—ran all over the state's No. 2 team, Alliance, to score a decisive 42-7 victory. The game was never in doubt after fleet-footed Johnny Colceri rambled 76 yards for the first Bulldog touchdown in the opening two minutes.

The speedster counted another later to run his seven-game point total to 114. He piled up 207 yards in 20 thrusts and his deaf-mute running mate, Louis Mariano made 160 yards in 15 attempts. Colceri, one of only three seniors in the McKinley lineup, now has more than 1,200 yards for the season.

Ashland Eagles Win Fourth Game

ASHLAND — After a scoreless first half, the Ashland Eagles cut loose in the last two quarters to defeat the Kenyon Lords, 19 to 7, here last night.

It was the fourth victory for the once-beaten gridders of Coach George Donges. The Eagles have tied two games, losing only to Heidelberg. Shelby's Herb Hart got the final Ashland TD when he intercepted a pass and sped 65 yards to score.

Massillon Sophs Play Tyger Football 'Cubs'

Sophomore football teams of Senior high and Massillon Washington high were scheduled to play this morning at Stadium field, Augie Morningstar, Tyger athletic director, announced last night.

The teams will play a return game in Massillon Nov. 13.

State Convention

ALLIANCE — (AP) — The first Ohio convention of the Hot Stove league will be held here tomorrow. National headquarters of the league is located in Alliance.

Bills-Colts Clash Tops Pro Program

NEW YORK — (NS) — The clash between the Buffalo Bills and the Baltimore Colts at Buffalo shapes up as the most important game on tomorrow's professional football card.

A victory for the Bills will enable them to tie the Colts for first place in the eastern division of the All-American conference. A win for Baltimore would practically clinch the eastern title for them.

Buffalo may eke out a win, but there is little to chose between the two teams.

In other AAC games, the New York Yankees are rated over the Chicago Rockets, and Brooklyn is a choice over the Los Angeles Dons.

NO MISTAKES

Philadelphia, leader in the eastern section of the national football league, is rated 13½ points better than Pittsburgh. However the Eagles, who may be overconfident as the result of their upset win over the Chicago Bears last Sunday, can afford to make no mistakes against the rugged Steelers.

The Bears, who are tied with the champion Chicago Cardinals for first place in the western section of the senior loop, are figured to be better than the New York Giants. The latter, however, are coming on fast as their rookies find themselves, and may give the Bears an unexpectedly good game.

The Cardinals, hottest team in the NFL, should beat the Los Angeles Rams.

Green Bay's Packers are rated over the Detroit Lions. Washington is picked over the Boston Yanks.

Gene Rudolph Paces Barnes Bowling Loop

Gene Rudolph rolled a 138-216-190—544 to lead the Barnes Manufacturing league at Richland Recreation last night. Harry Warne posted 497, Dwight McCullough, 474, and Lola Rudolph, 471.

It was the only league reported.

Rams Entertain Delaware Willis Gridders Tonight

Coach Ennis Walker's Madison Rams will attempt to break their longest losing streak in two years when they meet Willis high of Delaware at 8 tonight on the Ram gridiron.

Madison has been beaten by Loudonville and Mt. Vernon the past two week ends after running up a ten-game winning streak over a two-year span. They will be favored to get back on the right side tonight.

Fathers of the Madison players are to be honor guests at the annual Dad's night. The "Dads" will enter the field along with their sons between two rows of band members. The fathers, wearing the numerals of their boys, will then take their place on the Madison bench, while the players begin their warmup. Appropriate ceremonies will also be held at half-time.

Larry Secrist, out for over a week with infected elbows, will definitely be available for some action tonight, according to Walker. He will start at his regular tailback post, but will be given some relief by Jim McMillan.

Center Jim Gafton, who had to be carried from the field after aggravating a chronic ankle injury last week, is in good shape and ready to go.

Although Delaware has only a fair record of two victories and one tie in six games, Madison will be called upon to use all the speed at its command. The Willis team has a big weight advantage and its line is experienced. Madison's forte is also in the forward wall and the outcome of the line play might well decide the result of the ball game.

It will be the last home game of the season for Madison, which is scheduled at Wooster and Bucyrus the next two weeks.

Mt. Gilead 11 Scalps League Foe, 26 to 25

MARYSVILLE — Mt. Gilead high school gridders edged the local team, 26 to 25, in a Mid-State league thriller last night. Tackle Loren Grimes, of Marysville, who had missed but one of 22 extra point tries prior to the game, failed to boot the game-tying point at the close of the contest.

Marysville scored first when Fullback Hoffman raced 15 yards to tally. Mt. Gilead came back with two touchdowns in the first quarter as End McClelland recovered a bad center pass behind the Marysville goal line and Halfback LaRoche erasing the final two yards for the other TD after back Lancaster reeled off a 43-yard sprint. Lancaster ran the extra point.

Both teams added Tds in the second quarter but Mt. Gilead got the all-important point. Lancaster plunged over from the Marysville two and Halfback Meeker ran the point. Marysville counted as Halfback Hill plunged for the final six inches. In the second quarter Lancaster contributed a 71-yard run over the goal line but it was called back on Mt. Gilead penalty.

Hill made two scoring thrusts for Marysville from the one-yard line in the final quarter. The final Marysville TD came in the last 45 seconds of play and was followed by Grimes' inability to knot the score. Meeker tallied on a 15-yard run for Mt. Gilead in the closing period.

MT. GILEAD	13	7	0	6	—26
MARYSVILLE	7	6	0	12	—25

Scoring: Touchdowns, Mt Gilead—McClelland, LaRoche, Lancaster, Meeker; Marysville—Hoffman, Hill 3.
Points after touchdown, Mt. Gilead—Lancaster, Meeker; Marysville—Grimes.

Shoot Scheduled At Ohio Gun Club

A trophy and team shoot will be held at the Ohio Sportsman Gun club off route 30-N beginning at noon tomorrow.

One hundred sixteen-yard targets will be fired in the regular program with several optionals also available. A rotating trophy will be given to high man, while the Mansfield club team will offer a cash prize to any five-man combination which can beat it in the 100 targets.

Saddler New Feather Champion

NEW YORK —(NS)— Sandy Saddler, a cocky 22-year-old boy from New York's Negro district, is the new featherweight champion of the world today.

He won the title in Madison Square Garden last night when he scored a sensational four round knockout over Willie Pep of Hartford, battler who had held the title for six years.

Pep had gone through 136 bouts with only a decision at the hands of Sammy Angott scored against him. But he went to the well once too often and so met defeat at the hands of a younger and harder-punching fighter.

It was the first time Pep had ever been knocked out. He attributed his defeat to the fact that he had counted on Saddler being a soft touch and to the further fact that he didn't realize that the new champion is such a dynamic puncher.

The crowd of 14,685 who paid $55,571 to see the fight.

Pep complained that Saddler roughed him up inside and often butted him in the clinches. Perhaps he did—but it is equally true that Saddler outboxed, outspeeded and outpunched the fading champion.

Saddler said he would be glad to fulfill his contract for a return bout next year but next time there will be a more equitable distribution of the receipts. Pep got a record 50 per cent of the gate last night, while Saddler was glad to settle for 10 per cent and a crack at the crown. He has scored 64 knockouts in 94 fights.

THE RECORD

My opponent's last-minute charges are either deliberate misrepresentation or based upon LACK OF KNOWLEDGE. I prefer to believe my opponent just does not know.

I DID NOT CAUSE AN EXPENDITURE OF $5255.00 TO THE TAXPAYERS OR RICHLAND COUNTY!

I did arrange to have title examination expense in delinquent tax sales charged as court costs, PAID FOR BY THE LAND OWNER out of sales proceeds, which COST THE TAXPAYERS NOT ONE RED CENT — thereby dispensing with the need to hire a special assistant to handle title examinations at county expense. (For 1941 my opponent had in his office a special assistant who was paid $160.00 per month by the county to handle tax foreclosures.)

(2) My opponent charges a $1,000 payment was made to Squire, Sanders & Dempsey, Bond Attorneys. This was paid to Squire, Sanders & Dempsey for the opinion approving the T.B. bond issue. UNLESS BOND ISSUES ARE SO APPROVED NO BANK IN OHIO WILL BUY THEM. Ask your banker! This charge of Squire, Sanders & Dempsey was the standard charge based on amount of issue.

THE TRUE RECORD ON COURT TRIALS

(3) My opponent charges that I brought Daniels to trial in Richland County for my personal glorification. The truth is, DANIELS WAS DELIVERED TO RICHLAND COUNTY BY JUDGE McNEILL OF VAN WERT BECAUSE THE HORRIBLE NIEBEL MURDERS WERE THE ONLY MURDERS ACTUALLY COMMITTED BY DANIELS. In accordance with my duties I prosecuted Daniels to the full extent of the law and I am proud of my preesntation of evidence and argument in the Daniels case.

I am also proud of my other criminal court work as prosecutor. Here is the record of trials:

17 Murder and Homicide Cases ..... 15 Convictions
19 Trials to Judges .... 19 Convictions
23 Jury Trials ..... 12 Convictions
8 Acquittals

Motorists Urged to Adapt Driving to Winter Conditions

Looking to the approach of winter and poor driving conditions, traffic officials warned Mansfield motorists today of the importance of adjusting their cars and driving habits to new hazards of the road.

"Wet leaves and fog are the chief problems right now," declared Robert L. Garver, acting traffic commissioner. He urged motorists to be especially wary of wet leaves, pointing out that they are likely to be as slippery as ice.

He said the falling leaves presaged increasingly cold weather with icy streets due next. He stressed the importance of developing better driving habits now in anticipation of the dangerous days ahead.

Cpl. John L. Bishop of the state highway patrol joined in urging drivers to change their habits to meet the new challenges presented by poorer road conditions.

CHANGE RAPIDLY

"The major item for motorists to consider is an adjustment in their manner of driving to the changing conditions of the road," he said. "Whenever there is a quick change in road conditions more accidents result."

The lack of this adjustment, Bishop asserted, is more responsible for the rise in traffic accidents than the condition of the automobile.

He pointed out that once winter conditions have settled the accident rate begins to drop. The average motorist, he said, doesn't change over to winter driving habits until he has experienced a minor skid or two.

Bishop also attributed the increase in highway accidents to drowsiness induced by car heaters.

Garver and Bishop stressed the added importance of good lights and a good battery during the winter months. They both backed the recommendation of Earl L. Reeb, director of the Ohio department of highways, who reminded car owners to put their vehicles in readiness for the dangerous winter months.

Only a small portion of the outside of most tree trunks is living sapwood, the center of the trunk being composed of heartwood which is technically "dead."

Life Sentence Begins Today

CANTON —(INS)— Mrs. Hazel Everhart, 48, of nearby Massillon, found guilty Sept. 28 of second degree murder for the knife slaying of her husband, Wade, was to begin a life sentence today at the State Reformatory for Women at Marysville.

Stark County Common Pleas Judge George N. Graham, sentenced the widow yesterday. Defense attorneys, however, said they would appeal.

Mrs. Everhart, who pleaded self-defense, was convicted of slaying her husband wth a carving knife in a quarrel in their Massillon home July 6.

STRESSES SCHOOL AID—Gov. Thomas J. Herbert's state administration in the last two years has been instrumental in providing a total of $1,831,140 in state aid for operation of schools in Richland county. While law prohibits use of state funds for school improvements, the state aid has played an important part in helping to pay teachers and meet other school operating costs. State school aid to Richland county under Gov. Herbert was $692,708 greater than in the preceding two-year period.

Richland State Aid To Schools Boosted

With Mansfield residents voting on a $2,500,000 bond issue Tuesday, and citizens of Madison township balloting on a $188,000 issue, both for much-needed school improvement and expansion, a check of state records revealed today that during the administration of Gov. Thomas J. Herbert schools of Richland county, including those of Mansfield, received $1,831,140.

This amounts to an increase of $602,780 over the previous two years, 1945-46. The county received $560,693 in 1945 and $667,667 in 1946, making a total of $1,228,360 for the two years.

In 1947, $832,055 was granted to the county from state funds. The estimate for this year is $999,085. The total for this biennium is $1,831,140.

On a statewide basis, aid to all schools was increased by $47,500,000 during Herbert's administration, a check of the records shows.

These funds are for school operation, it was pointed out. Financing of school building improvements is up to the local community, hence the need for bond issues.

BOND ISSUES NEEDED

The state, under the administration of Gov. Herbert, is leading the way toward an improved school program. Local observers point to the need of passing the various school bond issues to keep the physical plants in step with the teaching programs.

Gov. Herbert's administration record of aid to public schools in Richland county was brought out as the Northeastern Ohio Teachers' association, meeting in Cleveland, voted to support the Ohio Education association's tentative proposal for state school assistance.

The NEOTA, with which Richland county teachers are affiliated, adopted a resolution stating:

"We recommend serious study be given to the principle of additional aid to supplement established salary schedules financed by local and state sources and that this aid be in direct ratio to the cost-of-living above an accepted level."

Herbert, now in the closing phases of his campaign for reelection, has stressed importance of education to continuance of democracy in America. He has taken a firm stand in recent campaign appearances against infiltration of government by communists and communist sympathizers.

Death Cancels Child's Party

PITTSBURGH — (AP) — Little Joan Fallon's parents planned a funeral today—instead of a birthday party.

Mr. and Mrs. Joseph Fallon were going to hold a "fourth birthday" party for Joan tomorrow. Doctors had told them the little girl, suffering from cancer, wouldn't live to see her real birthday Nov. 28.

The chubby, blue-eyed baby died early today at her home.

In the Fallon living room were several birthday cakes, gay with colored icing and pink candles.

"Anyway," the father said tearfully, "Joanie got to see the birthday cakes. She didn't miss that."

Rebellion Succeeds

LIMA, Peru —(AP)— Jose Luis Bustamante, deposed as president of Peru by the army, left for exile in Chile early today.

Former Interior Minister Gen. Manuel Odria, leader of the successful three-day revolt, promised to hold democratic elections as soon as possible in a broadcast from Arequipa, where the uprising broke out.

Brig. Zenon Noriega, commander of the second army division, was reported holding the reins of government temporarily. Odria is expected in Lima today to appoint a Junta and start a provisional government.

Lima newspapers last night carried statements from Odria denouncing Bustamante. He charged Bustamante had given the left-wing, outlawed Apra party—which he characterized as "an international sect"—complete freedom to carry out "plans to proseletize the lower army ranks, inciting them to murder their officers and chiefs."

The Apra party had been blamed by the government for an unsuccessful revolt earlier this month at Callaro, Lima's port city.

Odria, 52 years old, promised to restore order and normalcy in the country. He said he planned to convoke a national workers' congress in which the basis would be laid for a better life for the working class and promised to improve the conditions of agriculture, Peru's basic industry.

Considering Evacuation

WASHINGTON — (AP) — High-ranking government officials were reported today to be considering the evacuation of American naval forces from the communist-threatened Chinese port of Tsingtao.

Authoritative defense sources said Lt. Gen. Albert C. Wedemeyer, the army's top expert on China, is reviewing the plight of Generalissimo Chiang Kai-Shek's armies with naval officers.

Naval spokesmen declined to comment on a possible withdrawal from Tsingtao. Their silence concerning the number of sailors and marines assigned to the base was interpreted here as an indication that the contingents may have been reduced. Marine forces at Tsingtao totalled 3,470 on Aug. 30, the last official count made public.

Economic Cooperation Administration officials said that agency has only small quantities of wheat and petroleum which might have to be abandoned if the Tsingtao base were evacuated.

Campaign Wind-up Tonight

Truman In Mo., Dewey In N. Y.

(By Associated Press)

President Truman and Gov. Thomas E. Dewey ring down the curtain on their presidential campaigns tonight with addresses before home-state audiences.

But before the final balloting, they plan to return to the national stage with curtain call pleas for vote support in next Tuesday's election.

Mr. Truman's special train was Missouri-bound, with St. Louis the last stop on a cross-country talking tour that included every section of the nation.

After his speech there tonight, the president will stay at his home in Independence until after the November 2 balloting. Regardless of the outcome, he plans to go to Key West, Fla., later in the week for an extended vacation.

Dewey winds up his second effort to win the presidency for the Republicans with a speech tonight in Madison Square Garden.

Arriving in New York yesterday aboard his "victory special" train, the GOP candidate expressed confidence his party will get not only the White House prize, but congressional control as well.

Dewey rode into Manhattan from a New England stumping tour in which he pledged, if elected, to unite the country behind a strengthened movement for peace, aided by promised harmony between the White House and Congress.

Asserting that the Democrats have made "tragic concessions" in dealing with world problems, Dewey told a New Haven crowd:

"You can't buy peace by giving away other people's freedom."

Mr. Truman lashed out at the GOP record on foreign affairs last night in a Brooklyn address which concluded a whirlwind to-day vote hunt in New York City.

In the 267th speech of his campaign, the president asserted that the Republicans crippled the reciprocal trade agrrements program and tried to twist the European recovery plan from one of "world reconstruction to one of hand-out relief."

Henry Wallace followed the president into Harlem last night with the charge that Mr. Truman was making "shallow, hollow, worthless promises" on civil rights.

Campaign At Hot Climax

(By United Press)

The pre-vote campaign in Ohio reached a climax today with the rival candidates for governor scheduled to speak from the same Cleveland platform for the first time in this drive for votes.

Gov. Thomas J. Herbert, Republican, and Frank J. Lausche, the Democratic candidate for governor, were to exchange verbal blows before the City Club.

Both candidates campaigned in Cleveland last night in a last-minute effort to win as many of the all-important Cleveland votes as possible.

Herbert used the highway department as his theme and recited that during his administration 2,000 miles of road had been built as compared to 950 during the Lausche administration.

Lausche, before returning to Cleveland to wind up his campaign, told Toledo audiences that all Ohio public employes, including school teachers, should get cost-of-living wage adjustments.

Pennsy R. R. Trains Crash

COLUMBUS—(AP)—Several persons were cut and bruised in a passenger-freight train crash near Uhrichsville last night, Pennsylvania railroad officials said. They were treated in the Columbus station by a physician.

The accident was near the scene of a wreck earlier in the week in which two trainmen and a truck driver were killed.

The passenger train, en route from New York to St. Louis, hit the rear of the freight, a railroad spoksmean said.

Fire Hits Railroad

PITCAIRN, Pa. — (AP) — A $500,000 fire destroyed a Pennsylvania railroad blacksmith shop and warehouse and the oil-fed, windswept flames for a time threatened other buildings before firemen brought them under control. Pitcairn's reservoir, with a capacity of 15,000,000 gallons of water, was drained.

U. S. Defers Settlement

Truman Orders Palestine Delay

PARIS —(INS)—Reliable sources said today that President Truman now has ordered Secretary of State Marshall to postpone United Nations settlement of the Palestine issue until January.

Marshall, presently in London, was said to be urging British Foreign Secretary Bevin to fall in line with the Truman request.

It is understood that Truman's order for a delay in the Holy Land issue was part of his message yesterday ordering the American delegation not to support sanctions.

(London sources said that Bevin is urging Marshall to switch back to support of an immediate Palestine settlement, presumably along the lines of the Bernadotte plan.)

The President's plan was said to envisage calling a special session of the U.N. General Assembly in January at Lake Success. It reportedly led to the sudden refusal yesterday of the U.S. delegation to continue support of an Anglo-Chinese resolution requiring Israel to retreat from the Negev under the threat of sanctions.

Marshall, it was learned, was summoned to London by Bevin yesterday after disclosure that President Truman had intervened in the Palestine issue.

Word spread swiftly through the halls of the Palais De Chaillot, where the U.N. is meeting, precipitating a flood of speculation.

Early today, most observers were beginning to feel that the dramatic U.S. shift had virtually doomed the plan of the late Count Folke Bernadotte to give the Negev area to the Arabs.

Miners Going Back to Work

PARIS—(AP)—The interior ministry today said 301 French police and soldiers have been wounded to date battling Communist-led strikers in the struck coal fields, where violence appeared to be subsiding.

French miners were reported returning to work in increasing numbers under police and military protection as government forces drove pickets from 20 more strike-bound pits.

The interior ministry report said three strikers have been killed during the disorders and "many more" demonstrators hurt.

There were no further reports of clashes when government forces went into the Communist stronghold of Bruay this morning to take over two more pits.

Son Arrives At Game Time

Augie Becomes Dad On Dad's Night

By CHARLEY STINE

A seven-pound, 14-ounce quarterback who wasn't there "directed" Mansfield to its most overwhelming football victory in three years last night.

Robert Michael Morningstar, first son of Tyger Coach Augie and Mrs. Morningstar, was born appropriately as the team was about to take the field for Mom's and Dad's night.

That the youngster is a good quarterback there is no doubt, for his very presence in the world spurred the Tygers to play their best game of the season, in trouncing Dayton Kiser, 62-7. The players quickly put the game on ice so that their popular coach could leave to see his chubby, blue-eyed offspring who was born at General Hospital.

The family atmosphere was present throughout the evening as the Tyger band presented a tribute to parents of the football players at half-time.

Fathers of all the players came off the Tyger bench at half-time and kicked helium-filled balloon "footballs" which sailed out of sight. The dads then were presented with pictures of their sons in gridiron regalia.

ALBUM APPEARS

The band played "For He's A Jolly Good Fellow" and "I Want A Girl" while spelling out a huge "DAD" and "MOM" They then switched into a clock formation which showed a time of 8:30 while a huge family album was wheeled on the field. A "lighted" cigaret on the rear of the platform gave it the appearance of a living-room book stand.

Parents from the pilgrim, pioneer, colonial, gay nineties, flapper, zoot suit and modern ages emerged from a door in the album and paraded around the field.

The figures returned to the huge book by means of a ramp as the half-time show ended, and the band concluded with "Till We Meet Again."

Amputees Slate Demonstration

COLUMBUS —(INS)— Amputees will show how little they are "crippled" tomorrow in special demonstrations before the 29th annual meeting of the Ohio Society for Crippled Children. The amputees will show their skill in such diversified activities as roller skating, badminton, gold, boxing, and dancing.

$3,000 More Reported

Community Chest workers reported only a little more than $3,000 in additional pledges at noon today as they began the second day of a one-week extension to pick up the more than $20,000 necessary to meet the 1948 goal of $122,635.

The total amount reported at noon today was $105,190. The Blue Stars unit continued to lead the two major divisions of the drive with $54,766. The Red Feathers unit reported $50,424.

Three more divisions reported they had gone over the top with their drives still incomplete.

Public service division, headed by Marshall Moore, reported $4,906 on a quota of $4,900. Commercial A division, headed by Vernon Horst, turned in $9,766 on a quota of $9,455. Horst said he expected his division to go over $10,000 when solicitations are completed. General division, headed by Mrs. Louis Jisa, reported $8,710 with a quota of $8,500.

Fight Looms In Parliament

(By International News Service)

One of the most bitter parliamentary battles that has faced Britain in years is shaping up in the House of Commons today over the labor government's bill to nationalize the steel industry.

There will be international repercussions too. For steel, with coal, is the backbone of Britain and the nationalization will affect in one manner or another every component part of the far-flung commonwealth of nations.

On the issue, the party lines are clearly drawn. Prime Minister Clement Attlee's labor government will stand or fall on it.

Vets Receive $2,051,610

Most Bonus Claims Reported Paid

With most of the Richland county veterans' bonus claims paid, the state reported today that former servicemen and women in the county have received $2,051,610.

That amount was paid 6,667 veterans. It was estimated that nearly 9,000 in the county are eligible for bonuses.

All bonus claims have been paid except questionables and applications which have just been filed, C. W. Goble, state compensation fund director, said today.

Goble explained that questionable claims are those needing additional information or supporting documents upon which a legal determination can be made.

He emphasized that all claims are being handled as rapidly as possible and all unpaid applicants who have not been advised about their claims will be notified what to do.

Applicants with lower claim numbers than 702,190 who have not received payment can be reasonably certain that their claims have been referred to a special section for additional documents or information, Goble said.

In Richland county the average payment per claim was $307.73, the highest average paid in the seven-county Mansfield area. Of the total number of claims 4,855 were Army claims and 1,812 Navy claims.

In the seven-county Mansfield area a total of $5,649,717 has been paid on 18,504 claims. It has been estimated that approximately 25,000 World War II veterans in this area are eligible for the bonus.

The amounts paid veterans in nearby counties include: Ashland, $699,695; Crawford, $869,380; Holmes, $232,196; Huron, $844,399; Knox, $708,903, and Morrow, $243,530.

Sun Breaks Through Fog Blanket

The sun poked its nose through October's foggy horizon today, dispelling the dense gray blanket which snarled transportation in Cleveland last night, causing 12 traffic crashes.

Weathermen said the fog, mixed with smoke, is expected to move in again tonight unless wind movement improves. Meanwhile, mild weather was expected for Sunday and the first part of the week. Mansfield's noon reading was 60 degrees today.

The fog registered zero-zero visibility at the U. S. weather bureau in Cleveland last night and brought traffic to a standstill. Private automobiles as well as buses, street cars and trains were delayed and all flights in and out of Cleveland airport were cancelled for three hours.

Burns to Death In Chicago Fire

CHICAGO —(AP)— At least one person was killed and eight others reported injured today in a fire that razed a four-story brick apartment building on the south side.

Firemen found a charred body, burned beyond recognition, on the third floor of the structure. They continued to search the ruins for any other possible victims.

Loyalist Forces Crushed

Nationalists Seek Escape

NANKING — (AP) — Communist troops fell upon Mukden, Manchuria's greatest city, and wrested it from the armies of Chiang Kai-Shek today, usually reliable sources said.

Reports from the battlefront said the Reds were in complete control of the city, which is the site of China's largest arsenal.

Whereabouts of the garrison commander, Gen. Wei Li-Huang was unknown here.

His troops last were reported trying to fight their way southward from the city. Their objective was not clear in Nanking but it was believed they were trying to reach one of two evacuation ports in Manchuria—Yingkow and Hulutao, both on the Gulf of Chihli and about 100 miles south of Mukden.

Sources here considered it unlikely that many of the 150,000 Nationalist troops managed to escape Red forces who held the corridor to Chinhsien, 125 miles south of Mukden.

Large forces on both sides have been engaged in a see-saw battle for the past 72 hours in the Mukden area. More than 400,000 men were reported committed to battle.

The National government has been plagued with large scale desertions of troops in past months. It was considered likely some of those in 12 divisions the Communists said they captured near Mukden earlier this week deserted.

CHIANG ARRIVES

Chiang Kai-Shek himself flew here late in the day from his field headquarters at Peiping, where he had been directing the north operations since Oct. 15.

(In Nanking, reliable sources told Associated Press Correspondent Harold K. Milks, that Chiang's return there presaged possible "drastic developments." Chiang had been directing the battle for Manchuria since Oct. 15 from his Peiping headquarters.)

The whole Manchurian military situation was endangered. Sinmin, rail town 35 miles west of Mukden, was abandoned by National troops who fought their way back to Mukden.

Further south, the government was contracting its forces toward Chensi, 25 miles south of Red-held Chinhsien. It offered an avenue of escape through the Ports of Hulutao.

Residents of Peiping and Nanking were gloomy.

Tsingtao, Shantung port practically sealed off from the balance of China by Communist troops, was cheered by the arrival of American Task Force 38.

The task force, composed of the carriers Princeton and Tarawa, the light cruisers Pasadena and Astoria and eight destroyers, arrived at the American naval base on what was officially described as a "routine" cruise.

DP's Due In N. Y. Today

NEW YORK —(AP)— A warm welcome awaits 813 displaced persons who reach the land of their dreams today.

Survivors of slave labor gangs and concentration camps, the group arrives this afternoon aboard the Army transport General Black. The DP's are the first of the 205,000 homeless persons scheduled to come to the United States under the Displaced Persons Act.

New York City prepared a rousing welcome. As the General Black slips past the Statue of Liberty, steamboat whistles and foghorns will roar a greeting and city fireboats will spray torrents of water into the air.

An army launch will carry a welcoming committee of public officials to the transport as it reaches the narrows. Two coast guard cutters, loaded with newsmen and immigration officials, will accompany the launch.

Gang Steals Holy Bibles

WASHINGTON —(UP)— The book dealers of Washington came up with some shocking news today.

A gang, apparently pretty well organized, is making a frightful habit of stealing books — among them expensive, leather-bound copies of the Holy Bible.

Favorite among the thieves seems to be the boxed volumes of the scriptures, like the famous Oxford Bibles. They sell from $6.50 per copy on up, depending on the binding, printing, what the traffic will bear, etc.

President, Senator Don't Tarry Long

Truman, Taft Pass Through City Area

Two vote getters from opposite sides of the political tracks —Republican Robert A. Taft and Democrat Harry Truman— bowed in and out of the Mansfield area late yesterday and today without as much as a precinct rally address.

President Truman's special 17-car train sped through Galion at 11:05 a. m. today, barely slowing down enough for more than 100 persons to wave at the Democratic nominee.

Sen. Taft stopped in Mansfield yesterday afternoon in a surprise visit and predicted the Republicans would sweep Ohio next Tuesday.

Crawford county Democratic officials planned last week to have the President's train stop in Galion for a brief rear-platform talk. A last-minute change, however, left out the Galion stop and Truman continued on to St. Louis where a capacity crowd of 15,000 persons is expected to hear him at the Kiel auditorium tonight. The address will wind up Truman's campaign for a full term in the White House.

Taft, who is not a candidate this year, stopped briefly at Mansfield GOP headquarters on North Walnut street. He was en route from Muskingum college at New Concord to Sandusky where he appeared at a rally last night.

"By the observations I have made during this campaign, I am confident that the Republican party will sweep the state," he said.

The Mansfield area has been the stomping ground for several national figures during the pre-election drives now ending. President Truman spoke in Crestline twice and in Willard once.

House Speaker Joseph Martin was the key figure in a GOP rally here earlier in the drive and Sen. Scott Lucas, of Illinois, headed a Democratic rally.

Lutherans to Observe Anniversary of Church Founding

Zanesville Pastor to Speak Here

Movement Started 431 Years Ago

Lutherans of the Mansfield area will get together at the First Lutheran church at 7:30 p. m. tomorrow night to observe the anniversary of the birth of Lutheranism. The observance will be the 15th such general rally for area church members. Individually Lutheran churches have always observed the event with special services.

It was exactly 431 years ago tomorrow that Martin Luther nailed his manifesto on the door of Wittenberg university in Germany. The date was Oct. 31, 1517, and millions of Lutherans now observe the day as the birth of Lutheranism.

The speaker for tomorrow's service will be Rev. Louis A. Valbracht, pastor of the St. John's Lutheran church at Zanesville, one of Ohio's outstanding young Lutheran pastors. He will speak on the subject "The Need For Intolerance."

Music for the service will be presented by choir members of host church under the direction of A. Lemoine Derr.

Rev. Valbracht has an enviable record both in Lutheranism and as a chaplain in World War II. He was graduated from Wittenberg college with an AB degree in 1938 and from Hamma Divinity school in 1941. He served as naval chaplain from 1943 to 1946, working with the 27th Marines regiment of the Fifth division.

SERVED OVERSEAS

Rev. Valbracht served 18 months in the Pacific theater of war, and went through the entire battle of Iwo Jima. For his services he received the Bronze Star medal and the Presidential Unit Citation. In addition to his actual war service, he went with the first troops in the occupation of Japan.

Since his return from service, Rev. Valbracht has become closely allied with Zanesville ministerial activities and the community life as well. He is a member of the board of the Zanesville YMCA, the board of the Zanesville Community Center and has served as campaign chairman for the Community Chest there. Besides that, he is secretary of the Zanesville Ministerial association.

Although the meeting tomorrow night is being sponsored by Lutherans of the area, it is open to the general public.

In addition to Lutheran churches which are observing the Reformation tomorrow are the First Methodist church, where Rev Charles W Stoneburner will speak on the theme, "It Was My Faith"; the St. John's Evangelical church, where Rev. John C. Melchert will talk on the subject, "The March of Truth," and the East Mansfield United Presbyterian church where Rev E. W Welch has chosen Reformation themes for both his morning and evening sermons.

Dedicate New Church Organ Sunday

Dedication of a new Consonnata electric organ will take place tomorrow at 4 p. m at the Main Street Evangelical UB church.

Harry F. Fussner, organist and choir director at the Church of the Redeemer in Cleveland Heights, will serve as guest organist and will present a program of dedicatory music. Soloist will be Arthur Boyce of Shelby, former director of music at the Main street church and now active in Shelby music circles.

The choir, under the direction of Mrs. E. K. Tingley, will present an anthem with Miss Pauline Statler, church organist, accompanying.

Formal dedication service will be in charge of Rev. E. E. Nietz of Columbus, superintendent of the southern district of the Ohio conference of the church, assisted by Rev Willard J. Shawk, pastor of the Mansfield church.

Arrangements for the dedication have been in charge of Mrs. Shawk, Mrs. Tingley, Miss Statler and Mrs Ralph Lowry.

Start Set By Mission

Lutherans Plan First Worship

When the new Lutheran mission in South Boulevards holds its first worship service tomorrow at 11:45 a. m. at the Temple Emanuel, there will be 19 charter members in the congregation.

These 19 include Mr. and Mrs. Harry C. Colbow, Mr. and Mrs Edward Schuler, Mr. and Mrs. Robert Ernst, Mr. and Mrs. Robert F. Glessner, Mr. and Mrs. Lester Wendland, Mr. and Mrs. James F. VanCura, Mr. and Mrs. Harry Brumfield, Mrs. Bertie C. Dye, Mr. and Mrs. B. O. Brenner and Rev. and Mrs. Wray Smith.

The council as set up at the present time includes Rev. Smith as president, Ernst as treasurer and Wendland as secretary. Others are Colbow, Glessner, Schuler, Van Cura and Brumfield.

For tomorrow's services Mrs. Oliver Brooker will serve as organist. Two new walnut offering plates, the gift of Schuler and William Levison, will be used in the initial services.

"We had thought to have Dr. Clyde Xander, head of the home mission board of our church, here, but he will be unable to come for tomorrow's service. However, he is planning to be here on Nov. 7," Rev Smith, mission pastor, said today.

Rev. Smith also announced today catechetical classes are being held at the parsonage, 603 Westview boulevard, each Saturday at 9:30 a m. They are for children 12 to 15 years old.

Grace Episcopal To Meet Wednesday

Next Wednesday the Men's club of the Grace Episcopal church will convene at 7:30 p. m. in the Undercroft Floyd Kautz is chairman of the program. John H. Finefrock jr., president of the club, will preside. Members of the Vestry of the church will meet in the pastor's study at 7:30 p. m. next Friday, a week earlier than previously scheduled.
